Georgia 4-H Base Programming

National 4-H Conference

Description of Learning Experience:

National 4-H Conference is a future-focused program that aims to build strong leaders through roundtable discussions, town hall meetings, group assemblies, and visits with national legislators. The unique environment of the program allows delegates to engage with national 4-H leadership (including USDA and CSREES) and to learn how to better youth-adult partnerships. The program reinforces the ties 4-H has to the Cooperative Extension Service and the land-grant university systems that make 4-H possible. Roundtable discussions generate ideas for club and community improvement and students are encouraged to implement these ideas in their home states. Through the roundtable process, students also build valuable leadership skills including team-building, flexibility, and communications. On "Capitol Hill Day", delegates have the opportunity to become more familiar with the national government by meeting with the Secretary of Agriculture and their own Senators and Representatives to discuss prominent issues the students see in their home states and communities.

Learning Outcomes:

- Create an experience for delegates to become familiar with government
- Reinforce the rich history of 4-H and its tie to Cooperative Extension and the land-grant system
- Engage delegates with leaders from USDA, CSREES, the Land-Grant University system, as well as, their local, state and national partners
- Enlighten delegates to the valuable work and research coming out of the land grant universities
- Stimulate thought around key matters and move delegates to action in their local communities
- Provide an opportunity for delegates to engage as citizens by meeting with their congressional representatives to discuss issues affecting their communities
- Enhances leadership skills such as adaptability, team building and communications
