

Rock Eagle 4-H Center: Environmental Education

## **Camp EcoAdventure**

April 2-6th 2018

Camp EcoAdventure is an environmental education day camp open to ages 6 - 11 years old. The goal of the program is to offer an affordable, educational, and fun day camp to children who are interested in our local natural resources.

Camp EcoAdventure objectives are to:

- create awareness and appreciation of our surrounding natural environment,
- promote natural resource conservation in our daily lives,
- introduce & promote the visual arts as a means of expression,
- provide a safe and fun learning environment for all campers,
- and have a positive outdoor experience for all!

**Join us for a day, or sign up for the whole week!**

Registration	Price/ Day	Price/ Week
Early Bird Registration <i>January 22nd-March 2nd</i>	\$50 (\$45 Sibling Discount)	\$240 (\$225 Sibling Discount)
Extended Registration <i>March 5th-March 16th</i>	\$55 (No Sibling Discount)	\$275 (No Sibling Discount)

## **2018 Program Dates and Themes**

### Earth Science ROCKS!

*Monday, April 2nd*

Campers will start the week off by channeling their inner ROCK-star. Journey with us as we investigate the mysteries of the deep earth. We'll learn about different rocks and minerals and discuss fossils and how they form.

### “Talon-ted” Aviators & Feathered Friends

*Tuesday, April 3rd*

Get ready to soar as we explore the wonderful ways objects and animals fly, glide, or float through the air. Making kites, shooting off rockets, and meeting Rock Eagle's raptors are just some of the fun activities that will take place.

## Kids for Conservation

*Wednesday, April 4th*

Campers will learn about ways to conserve and protect our natural resources. With a focus on water, campers will explore their local watershed on a creek hike. Using dip nets, campers will test the health of our water and discover ways to keep our community pollution free!

## Farm to Fork

*Thursday, April 5th*

Rock Eagle introduces Farm to Fork, a day campers can really sink their teeth into! We will spend time in the teaching garden, getting our hands dirty. Throughout the day, we will learn about Georgia agriculture. Campers will discover where their food comes from and get to feast on the fruits of their labor!

## Rock Eagle Survival Skillz

*Friday, April 6th*

Campers will spend the day exploring the Rock Eagle wilderness. Using a compass and map to traverse the trails, campers will hike and picnic at the Rock Eagle Mound. To cool off after lunch, we will head to the lake to adventure by canoe!
