Extended hrs. available at \$6.00/15 minutes outside of drop-off and pick-up times

Spring 2018 Registration Form

Register by Friday March 2nd for an early bird discount.

Rock Eagle 4-H Environmental Education Day Camp
April 2-6th, Ages 6-11

Join us for a day, or sign up for the whole week! EcoAdventure is a great way to have fun, learn something new, and get messy! Check out our 2018 camp themes.

Earth Science ROCKS! (4/2)

Campers will start the week off by channeling their inner ROCK-star. Journey with us as we investigate the mysteries of the deep earth. We'll learn about different rocks and minerals and discuss fossils and how they form.

"Talon-ted" Aviators & Feathered Friends (4/3)

Get ready to soar as we explore the wonderful ways objects and animals fly, glide, or float through the air. Making kites, shooting off rockets, and meeting Rock Eagle's raptors are just some of the fun activities that will take place.

Kids for Conservation (4/4)

Campers will learn about ways to conserve and protect our natural resources. With a focus on water, campers will explore their local watershed on a creek hike. Using dip nets, campers will test the health of our water and discover ways to keep our community pollution free!

Farm to Fork (4/5)

Rock Eagle introduces Farm to Fork, a day campers can really sink their teeth into! We will spend time in the teaching garden, getting our hands dirty. Throughout the day, we will learn about Georgia agriculture. Campers will discover where their food comes from and get to feast on the fruits of their labor!

Rock Eagle Survival Skillz (4/6)

Campers will spend the day exploring the Rock Eagle wilderness. Using a compass and map to traverse the trails, campers will hike and picnic at the Rock Eagle Mound. To cool off after lunch, we will head to the lake to adventure by canoe!

Each day includes: Two snacks, crafts and fun, hands-on activities!
