Official Rule Book

July 7-10, 2020

Georgia National Fairgrounds & Agricenter - Perry, GA

Updated April 29, 2020

To: 4-H Horse Project Members, Parents, Agents and Leaders

Subject: Georgia 4-H State Horse Show

On behalf of Georgia 4-H and the University of Georgia Animal & Dairy Science Department, we would personally like to thank you for your continued support of the Georgia 4-H Program. Even though we are not convening in Perry our traditional week in June, we are thankful for the opportunity to move the 2020 Georgia 4-H State Horse Show to July 7-10. Thank you to the Georgia National Fair & Agricenter for their making this option available and for their hard work to make these four days spectacular for our Georgia youth.

Please know that we continue to prepare to host the 2020 Georgia 4-H State Horse Show, but please keep in mind, that this rulebook provides our "tentative plan."

A decision to conduct activities beginning on June 25 through July will be communicated on or before May 29. If it is not deemed safe to do so at that time by UGA following the guidance of the CDC and state health officials, then we will cancel all face to face events for June and July. We will not process any county checks until May 29. If we cancel the 2020 Georgia 4-H State Horse Show, all county checks will be returned to the county office.

Please find following the 2020 Georgia 4-H State Horse Show rule book. This rule book includes the guidelines that are followed at our State 4-H Horse Show as well as the rules and entry forms for additional contests. You do not have to own a horse to participate in the additional contests.

There are three basic requirements to be eligible to participate in this show.

1. **Be enrolled in Georgia 4-H as a member.**
2. **Own or lease the horse shown by March 2, 2020 and be able to show proof. Intent to Show and Proof of Ownership or Lease registered online by March 16, 2020.**
3. **Cloverleaf and Junior participants must have completed at least half of the Novice Horseman Project and Seniors all of the Novice Horseman. This must be completed by time of entry (verified by the County Extension Office) by June 15, 2020.**
4. **Show entry filed with county office on or before June 15 for the Georgia 4-H State Horse Show.**
5. **Please send one (1) county check to cover all fees for exhibitors.**

This rulebook details the general rules of the show as well as describes the specifics of each class. This should help you as you prepare for the show. This rulebook is revised annually, or as necessary, by the Georgia 4-H Horse Advisory Committee. When you receive this book, discard copies of any previous editions of the Georgia 4-H Horse Show Rules and Regulations. **You will notice that all changes for 2020 are bold and in red.** Please read the entire book, as several changes/clarifications have been made.

These changes should help towards our goal of continuous improvement of our State 4-H Horse Show. We look forward to seeing you at the 2020 State 4-H Horse Show in Perry!

Violation will result in forfeiture in the Georgia 4-H State Horse Show as well as forfeiture of any awards or recognition received from the Georgia 4-H State Horse Show.

Summary of 4-H Horse Show Grade Breakdown (based on September 1 of the current year)

Cloverleaf Events - 4th graders and 5th - 6th grade students with demonstrated skills.

Senior exhibitors must have completed the entire 4-H Novice Horseman Project. **Certification of project work on the show entry form is the sole responsibility of the County Extension Agent/Staff and is made in the form of the agent signature on the entry form.**

6. A student may show recreational animals (horses, dogs, cats, exotic, etc.) in both Georgia 4-H and FFA in the same year. This is allowed because of the significant differences in the typical learning experiences associated with these type shows. Relative to these shows, 4-H and FFA organizations at local, district and regional levels are encouraged to plan events in cooperation with each other.

B. OWNERSHIP, LEASING, AND CARE OF THE HORSE

1. Horses must be owned or leased by the 4-H'er or his/her immediate family member by March 2, 2020. The duration of the lease should be for five months so that the youth may show at Southern Regionals in August if qualified. If the leaser does not follow the five-month lease agreement, the leaser **may** be ineligible to participate in future Georgia 4-H State Horse Shows.

2. The Intent to Show form must have been submitted online by the county agent no later than March 16, 2020 and must be accompanied by Proof of Ownership or Lease. Without this form, 4-H'ers may not show. Please keep original Intent to Show Forms on file at the county office. Please do not send originals to the State 4-H Office.

3. A 4-H'er may submit as many Intent to Show forms as she/he has eligible horses by March 16. Absolutely no additional Intent to Show forms will be accepted after March 16, 2020. Please submit all possible horses in your ownership, in case of injury.

**Substitution of horses (horses that do not have a completed Intent to Show Form submitted online by the deadline) is NOT permitted. Horses with completed Intent to Show Forms and that are submitted online by the deadline will be the only horses eligible to compete in the 2020 State 4-H Horse Show.

If a registered 4-H member would like to file a grievance or protest to question an entry in the show, they must follow the official protest procedure that is found in Section E, Rule 1 of the current state horse show rulebook. If the protest is upheld, and the horse in question and the Intent to Show Form description does not match, the deposit shall be refunded and the horse/rider combination will forfeit all of their earned points and placings and could be disqualified from future Georgia 4-H State Horse Shows. If the protest is overruled, the deposit shall be forfeited to the horse show fund. The decision of the grievance committee is final.

Show management reserves the right to verify submitted Intent to Show Forms (and Coggins) by visually inspecting horses on grounds during the show.

4. Proof of Ownership can be registration papers or Bill of Sale. In the case of a grade horse, a notarized letter from a veterinarian or other professional that has worked with the horse and 4-H'er is acceptable. Coggins papers will not be accepted as Proof of Ownership.

5. Certification of the above is the responsibility of the 4-H member, parent/legal guardian and County Extension Agent/ staff.

6. In the case of a leased horse, the completed Lease Agreement must accompany Intent to Show form.

7. The show committee reserves the right to interview 4-H'ers and their families who are leasing horses to discuss the terms and conditions of the lease as well as proper management.

8. A horse may be carried as a project animal by more than one member of the family and shown by more than one member of the family provided they are in two different age groups. For example, a seventh grade 4-H'er could show the horse in Junior events and a ninth-grade family member could show the same horse in Senior classes. If both are Juniors, they may not compete on the same horse. If both are Seniors, they may not compete on the same horse.

9. **Borrowed horses are prohibited.**

10. The 4-H'er must be the only person showing the horse, i.e., an owner or trainer could not show the horse at a show one weekend and the 4-H'er show the next. The only exception to this would be if the horse is owned by a family and another family member shows the horse. This is allowed by our rules.

11. The 4-H'er must be the person primarily responsible for the care of the horse.

12. Research has shown that health complications, such as heat stress, stress of traveling, and showing can be exacerbated at low body condition scores. Due to concerns for animal welfare and the objective of 4-H to educate and promote quality animal husbandry; horses, ponies and/or mules shall not be shown at the GA State 4-H Horse Show with a body condition score of less than 4 based on the Henneke scale (ribs easily discernible, tops of spinous process easily discernible, tail head prominent with hook bones easily discernible, withers accentuated, and neck obviously thin). If a 4-H'er has questions about the body condition score of a project horse or are concerned about the horse being acceptable at the state horse show, the county agent and/or the GA State Horse Specialist should be contacted. Exhibitors should target an ideal body condition score of 5 or 6 for the state show and be aware it is especially important in the fitting and turn out of the project horse for showmanship. The judge has the authority to penalize a horse with an unsuitable body condition score. Refer to Henneke System scale for reference.

C. ENTRIES

1. Class entries should be made as designated by State 4-H Office. The official entry form must be used and contain the appropriate signatures. No entry will be accepted unless properly certified by 4-H member, parent/legal guardian, and Extension Agent/ Staff. The exhibitor is responsible for securing official approval (signatures) of the County Extension Agent. The show committee will refuse all uncertified entries. An entry fee of \$15.00 will be charged for each class and a grounds fee of \$10.00 per day will be charged for each horse if NO stall is rented. Entry fees must accompany the entry. All entries are due online by June 15, 2020. Absolutely no late entries will be accepted.
2. All entries must be prepared to present a certificate of negative test for Equine Infectious Anemia (Coggins Test) for admittance to show grounds. **CURRENT WITHIN ONE YEAR.** All entrants will be required to show a copy of their current Coggins paperwork in order to receive horse show packet(s). The recognized Georgia 4-H State Horse Show management team/vet may check each Coggins and horse condition during the show.
3. No 4-H'er may exhibit more than three different horses at the State Show. Exhibitors may only show **one** horse per class, regardless of whether it's an individually worked class or group class.
4. All exhibitors will be required to have a completed 4-H Code of Conduct and Medical Release Form uploaded to the State Horse Show registration site by June 15th.
5. Pony classes are for animals 14.2 hands (58 inches) or under as measured at the top of the withers (pony standing normally). **Ponies will be measured at the State 4-H Horse Show (only one measurement)** immediately following the divisions orientation. ***If an exhibitor has a professional pony card, this may be presented in lieu of on-site measurement, though show management reserves the right to measure any pony entered in the show.***
 - a) Ponies are eligible for all classes. **IMPORTANT NOTE: A 4-H'er cannot enter both Pony and Horse Classes within a division on the same animal. However, where no pony class is offered (ex: Showmanship) the 4-H'er may go in the Junior or Senior class.**
6. A 4-H'er who is already entered in the State Show by the June 15th deadline may make a class change or may add a class at the State Show for a \$25 cash fee, with the exception of cattle classes. These class changes or class additions must be handled in person at the show in the horse show office 24 hours before the start of the division the class is designated for. Any name changes or added classes must be done before the close of the show office the night before the scheduled event. Name changes or added classes will not be done the day of the scheduled event.
7. **Requests for refunds will be accepted until July 24, 2020, for medical excuses only (for 4-H'er and/or horse only).** The request must come from a County Extension Agent (***on County Extension Letterhead***) and be accompanied by a letter from a veterinarian or doctor explaining why the rider/horse could not participate in show and had to withdraw. ***Please include a complete explanation for the request refund. If a request is granted, the check will be made payable to the county extension office.*** All documentation should be sent to Heather Shultz, 321 Hoke Smith Annex, Athens, GA 30602. No refund less than \$15 will be made. No refunds will be accepted after July 24, 2020.

D. SHOW REGULATIONS

Each Show makes divisions whereby all will have the opportunity to demonstrate their skill and horsemanship.

1. All horses entering the show grounds shall immediately enter the stabling or corral area. No horse is to be exercised except in the assigned areas. No riding shall be permitted in the spectator area and no spectators in the exercise area. **Only 4-H members can ride the horse at the show facility.** Trainers are allowed to lunge horses but not ride. Lunging is allowed in the uncovered outside arenas only, weather permitting.
2. Sportsmanship is the 4-H way. The judge's decision will be final. When an exhibitor or exhibitor's parent, trainer, leader, or agent is guilty of unsportsmanlike conduct, the show management may suspend such exhibitor's right to participate in future classes and/or shows for such period as judged appropriate.
3. No exhibitor may be tied, buckled, or fastened into the saddle by any means during the competition. This includes velcro, rubber bands, and all other means.
4. An official of the show may check the appointments of each horse and exhibitor. However, it is the exhibitor's responsibility to be aware of all rules and enter the arena with the proper tack and attire. An official may request removal or alteration of any equipment deemed inappropriate prior to the judging of the class. Participants exhibiting with illegal appointments may be disqualified at the discretion of the judge.
5. The show will begin at the designated time. Each class will be called two times prior to the "last call." The gate will be closed within one minute following the last call. Exhibitors and exhibitors' parents are responsible for keeping track of working orders and for being in line or in the makeup area when their run or class time arrives. Exhibitors who miss their class or run will forfeit their run in that class, unless they notify the show officials of an unpreventable emergency before their time to work has passed and show management approves their request. In all individually-worked classes, exhibitors must go in posted order or they forfeit their go.

NOTE: The P.A. system is used to help the show move as smoothly as possible, but is only a courtesy. It is the responsibility of the contestants to know when they are required to be in the make-up area or arena. Not hearing or understanding gate calls, etc. is NOT an excuse for missing one's order of work, heat, or class.

6. Riders must keep horse under control at all times. Fall of the horse and/or rider may be penalized or disqualified at the discretion of the judge. The judge will dismiss from the ring any entry that is unruly or not in sufficient control for the safety of the handler or other exhibitors.

7. In timed events, horses will be stopped inside the arena. Gate will not be opened until horse is stopped and under control **and rider dismounts**. Horses running into gate or arena fence shall draw a five second penalty.

8. In timed events, an electric timer, when accessible, will be the official time. **Failure of electric eye will result in rerun option determined by the rider**. Otherwise, at least two stopwatches shall be used, with the average time of the two stopwatches to be the official time. **The rider must choose between the two options before leaving the arena.**

9. In the event of a tie in a timed class, the contestant declared the winner in the runoff must run the pattern within two seconds of his original time, or the runoff must be held again.

10. All over fence classes will run one time (no preliminaries) except for open jumping which will run back to back. The number to be brought back for finals will be at the judges' and officials' discretion.

11. A rerun may, at the judges' discretion, be given to a contestant if handicapped by equipment failure. Equipment failure must be reported immediately to ring master if a rerun is desired. If need arises, exhibitor should request permission from ring master before leaving ring. Decision of the judge is final.

12. An exhibitor receiving excessive coaching or advice from parents, leaders, or agents while in the show ring, may be disqualified by the judge or show committee. Only exhibitors and show officials will be permitted in the show ring during the show.

13. Stallions are ineligible in all 4-H Shows.

14. No alcoholic beverages are allowed on the show grounds during the State 4-H Horse Show.

15. A mandatory curfew or cut-off time of midnight will be in effect for the State 4-H Horse Show.

16. Unnecessary roughness or discourteousness will dismiss the rider from further competition in the events. Good sportsmanship shall prevail at all times -- no abuse of animals or acting unmannerly. Georgia 4-H is committed to the humane treatment of horses and livestock. Inhumane or abusive treatment may result in disqualification, at the discretion of the show management and/or judges.

17. Any exhibitor that enters the ring without their correct contestant number will be disqualified.

18. Dogs are not allowed in facilities where horses are being exhibited. Violators may be subject to dismissal from the show. Dogs are allowed in the barn area, but must be on a leash at all times.

19. Any motorized vehicle used on the grounds must be operated by a licensed driver (at least 16 years of age). The use of golf carts, 4 wheelers and the like is allowed only in designated livestock areas (not allowed on the interior of any barns/rings). Skateboards, scooters, roller skates, hover boards, roller blades, and other similar mechanical equipment are prohibited within all property known as the Georgia National Fairgrounds & Agricenter unless approved by the Office of Public Safety as part of a scheduled program or demonstration registered through an appropriate administration office. Bicycles may be limited during specific events at the discretion of the Public Safety Director.

20. Patterns will be provided to participants. **The show committee will make the patterns available online approximately 1 week prior to the start of the horse show and they will be posted 24 hours before the start of the division in the main alley of Horse Barn 2.** Any changes that are made to the provided patterns will be posted a minimum of one (1) hour prior to the start of the work out or class. It is the responsibility of the exhibitor to clarify any questions prior to the start of the work out or actual class.

21. All RV Reservations are handled by the GNF Security Depart. and can be arranged for at the East Gate security building. An RV spot will be assigned and unlocked for you. You may call ahead (478)988-6557 or go to www.gnfa.com and reserve the RV spots for a particular event you will be attending.

E. GRIEVANCE PROCEDURE

1. A grievance committee will be designated by the show management before the show begins. This committee will act upon protests arising out of any class. A grievance or protest must be made in writing and be presented by the 4-H'er only, accompanied by a \$25.00 cash fee during or immediately upon conclusion of the class in question. Protests made by anyone other than a 4-H'er will be considered invalid. The exhibitor or horse and the reasons for the protest being filed must be designated. Protests will be made with the understanding that the protestor's name will be made public. If the protest is upheld by the grievance committee, the deposit shall be refunded to the 4-H'er. If the protest is overruled, the deposit shall be forfeited to the horse show fund. The decision of the committee is final. The grievance committee will not reverse the placing of the class.

F. ORIENTATION AND QUIZ REQUIREMENTS

1. A short quiz of 25 questions regarding basic horse care, knowledge, and horse show rules will be given to all 4-Hers showing in the State 4-H Horse Show during orientation for the division entered. If youth are entered in two divisions, they shall take the test only once during the first orientation offered. The testing format may be any combination of matching, multiple choice, true/false, or identification where the correct answer may be selected. Youth should prepare for the quiz by completing the Level 1 Novice Horseman Project and reading the rules of their division entered at the GA State Show, along with general 4-H membership information. **Junior and Senior youth should also be familiar with information required in Level 2 The Intermediate Horseman.**

*All Cloverleaf 4-H participants will be required to take a quiz at the State 4-H Horse Show. The quiz will not count in the computation of the championship points within the division. However, the test scores may be used as a tie breaker for division placings. This test will be designed specifically for Cloverleaf participants and will not be the same quiz the Junior and Senior exhibitors receive. If a Cloverleaf cannot read, the test will be administered to them orally.

All Junior and Senior 4-H participants will be required to take a quiz at the State Horse Show. For Juniors the quiz will not count in the computation of the championship points within the division. However, the test scores may be used as a tie breaker for division placings. The test score will count for Seniors final placings, but the test score will not be used to figure Southern Regional qualifiers.

2. All exhibitors in a division must be present at orientation for that division in order to compete. **No exceptions.** If a 4-H'er shows in more than one division, he or she is required to take the test in only the earlier division but still must attend all orientations if they are not competing during the assigned orientation. If an exhibitor is competing in an event at the time of the scheduled orientation, they may send a parent as a representative. All exhibitor numbers must be stamped by the orientation leader prior to leaving the orientation. In the event that the 4-H'er is competing during the scheduled orientation and they have possession of their number, it is the parent representative's responsibility to provide the orientation facilitator with the 4-H'er's name. The 4-H'er will have to have their number stamped at the Horse Show Office, prior to the start of the entered class, to be eligible to compete.

G. ATTIRE AND HEADGEAR

1. Boots are strongly recommended by show management at all times. During assigned work out times (in Perdue Arena, Practice Ring #2 and #3 and Sutherland Arena), boots must be worn. **When riding at the State 4-H Horse Show, all 4-H'er's are required to wear appropriate full-length jeans. Jeans with holes and capris are not suitable for riding. Horses must be ridden with a bridle and saddle at all times. Riding on pavement is strongly discouraged.** These rules will be regulated by management.

2. Suitable, neat attire is to be worn in classes. For safety reasons, sneakers and low shoes are not considered suitable. Boots are required to be worn during competition. See individual class descriptions for specific requirements.

Headgear: Equestrian sports involve inherent danger and risks. Students and parents should make responsible decisions relative to safety and their equipment.

Understand that the Georgia 4-H Show committee and officials make no representation or warranty expressed or implied about protective headgear and cautions riders that serious injury or death may result despite wearing such headgear.

Helmets that meet the minimum performance standards set by the American Society of Testing Materials (ASTM) and which include certification and labeling required by the Safety Equipment Institute (SEI) will be **REQUIRED** for **all mounted classes in ALL DIVISIONS**. The approved helmets must have a **permanent ASTM identification inside the helmet**, a permanent harness and chin strap attachment, **and should be 5 years old or less with no impact from a previous fall**. The student and parent/guardian are responsible for assuring that the 4-H'er's head gear complies with safety standards. It is not the responsibility of the official to check headgear. This headgear

must be secured with the harness engaged and properly fastened at all times while on the horse. **The chin strap should be centered under the rider's chin, and fit snugly so that no more than one or two fingers fit between the chin and the strap.** Failure to adhere to this rule will disqualify the 4-H'er. Helmets will be spot-checked **by show staff or judges.** Disqualification will result from improper helmets or improperly worn helmets. Show management will not loan helmets. **Exhibitors may wear a helmet or traditional show attire on the head in showmanship or ground-handling classes.**

Any time a youth is mounted, they must wear their show number for easy identification in case of an emergency. Please respect this request!

H. RESIDUE TESTING PROGRAM

Forbidden substances or methods:

- a. The management of the State Show reserves the right to have horses tested for drugs. Show veterinarians will submit samples to a suitable laboratory for testing and the results of such tests will be provided to county and state Extension faculty for appropriate action. All horses are subject to testing. **Refusal to submit animals for testing or cooperate in completion of minimum testing requirements will result in disqualification and subject the exhibitor to the same penalties provided for exhibitors whose animals test positive for drugs.**
- b. No person shall cause to be administered internally or externally to a horse, either before or during the State 4-H Horse Show, any medication, drug, or substance which is of such character as could affect its performance or appearance, except for those conditionally permitted therapeutic medications, the use of which is specifically provided for in the therapeutic medication addendum in C.
- c. Therapeutic Medication Addendum (Does not apply if prohibited by governmental regulations)
- **Exhibitors, owners, trainers, and veterinarians are cautioned against the use of medicinal preparations, tonics, pastes, and products of any kind, the ingredients and quantitative analysis of which are not specifically known, as many of them may contain a forbidden substance.**
 1. Forbidden drugs or substance:
 - A) Any drug or substance considered a Class I or Class II substance as defined in the **2018 USEF Guidelines for Drugs and Medications.**
 - B) Any stimulant, depressant, tranquilizer, or sedative which could affect the performance of a horse (stimulants and depressants are defined as substances which stimulate or depress the cardiovascular, respiratory or central nervous system).
 - C) Any substance, regardless of how harmless or innocuous it might be, which might interfere with the detection or quantization of any substance defined in (A), (B), or (C).
 2. Conditionally permitted therapeutic medication: Any drug, medication, or substance which could affect the performance of a horse that is used for the legitimate treatment of illness or injury and is specified as a forbidden substance as defined in paragraph (1)(A) above.
However, these drugs or substances are forbidden and use thereof subjects the person to disciplinary action, unless all conditions of their administration are met.
Each of the following requirements is a condition to authorize administration of conditionally permitted therapeutic medications, which shall be verified in a written medication report, completed in its entirety, and filed with show management before exhibition of the horse (see C through J below):
 - A) Administration by a veterinarian who is a member in good standing of the AAEP (American Association of Equine Practitioners) and licensed to practice veterinary medicine in the state where the event is being held or from a written prescription (written instructions) by a licensed veterinarian, who is a member in good standing of the AAEP, which documents administration of medication is necessary for the treatment of illness or injury. The administration of a conditionally permitted therapeutic medication for the purpose of transport, grooming, training, etc. Is not therapeutic under this authorization rule.
 - B) The horse must be withdrawn and kept out of competition for not less than 24 hours after the medication is administered.
 - C) Identification of the medication: the name, amount, strength, and mode of administration.
 - D) Date and time of administration.
 - E) Identification of the horse: name, age, sex, color, and entry number.
 - F) Diagnosis of illness/injury, reason for administration, and name of administering and/or prescribing AAEP veterinarian.
 - G) Signature of veterinarian or person administering the medication. If prescription (written instructions), a copy must be attached to the medication report.
 - H) The medication report must be filed with show management within one hour after administration of the medication or one hour after show management is available, if administration occurs at a time other than during competition hours.
 - I) The medication report must be signed by show management and time of receipt recorded on the report.
 - J) While this report must be filed only if the administered medication will be present in amounts detectable in blood and/or urine samples at the time of competition/sampling, exhibitors are hereby cautioned it is their

responsibility to determine whether or not such medication has had time to clear the horse's system.

If there is any doubt, a medication declaration form should be filed.

3. Restrictions concerning the use of conditionally permitted medications that may be administered within 24 hours of showing and should be administered in accordance with the recommendation following each to ensure compliance with maximum allowable plasma level

A) Only those twelve drugs or medications listed below may be administered within 24 hours of showing and should be administered in accordance with the recommendation following each to ensure compliance with maximum allowable plasma levels.

(1) **Phenylbutazone** - The maximum permitted plasma concentration of phenylbutazone is 15.0 micrograms per milliliter, and the maximum permitted trace level is 2.0 micrograms per milliliter. When phenylbutazone is administered, the same dose should be accurately calculated according to actual weight of the animal. Each 24 hours, not more than 2.0 milligrams per pound of body weight should be administered, preferably less. For a 1000 pound animal, the maximum daily dose is 2.0 grams, which equals two 1.0 gram tablets, or two 1.0 gram units of paste, or 10.0 cc of the injectable (200 milligrams per milliliter). Neither a total daily dose nor part of an injectable dose should be administered during the 12 hours prior to competing. In the event the phenylbutazone is administered orally, half of the maximum daily dose (1.0 gram per 1000 lbs.) can be administered each 12 hours during a five-day treatment program. Phenylbutazone should not be used for more than five successive days. Whenever phenylbutazone is administered, flunixin meglumine should not have been administered during the seven preceding days.

(2) **Flunixin**- The maximum permitted plasma concentration of Flunixin is 1.0 microgram per milliliter, and the maximum permitted trace level is 0.2 micrograms per milliliter. When Flunixin in Meglumine (Banamine) is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 0.5 milligrams per pound of body weight should be administered. For a 1000 pound animal, the maximum daily dose is 500 milligrams, which equals two 250 milligram packets of granules, or one 500 milligram packet of granules, or 500 milligrams of the oral paste (available in 1500 milligram dose syringes), or 10.0 cc of the injectable (50 milligrams per milliliter). No part of a dose should be administered during the twelve hours prior to competing. Any medicated feed must be consumed and/or removed at least twelve hours prior to competing. The medication should not be used for more than five successive days.

(3) **Ketoprofen**- The maximum permitted plasma concentration of Ketoprofen is 40.0 nanograms per milliliter, and the maximum permitted trace level is 10.0 nanograms per milliliter. When Ketoprofen (Ketofen) is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 1.0 milligram per pound of body weight should be administered. For a 1000 pound animal, the maximum daily dose is 1.0 gram, which equals 10.0 cc of the injectable (100 milligrams per milliliter). No part of a dose should be administered during the twelve hours prior to competing. The medication should not be used for more than five successive days.

(4) **Meclofenamic Acid**- The maximum permitted plasma concentration of Meclofenamic Acid (Arquel) is 2.5 micrograms per milliliter, and the maximum permitted trace level is 0.1 micrograms per milliliter. When Meclofenamic Acid is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 12 hours, not more than 0.5 milligram per pound of body weight should be administered, preferably less. For a 1000 pound animal, the maximum 12-hour dose is 0.5 gram, which equals one 500 milligram packet of granules. The medication should not be used for more than five successive days.

(5) **Naproxen**- The maximum permitted plasma concentration of Naproxen is 40.0 micrograms per milliliter, and the maximum permitted trace level is 2.0 micrograms per milliliter. When Naproxen is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 4.0 milligrams per pound of body weight should be administered. For a 1000 pound animal, the maximum daily dose is 4.0 grams, which equals eight 400 milligram tablets. No part of a dose should be administered during the twelve hours prior to competing. Any medicated feed should be consumed and or removed at least twelve hours prior to competing. The medication should not be used for more than five successive days.

(6) **Eltenac**- (Pending FDA APPROVAL - SEE BELOW) The maximum permitted plasma concentration of Eltenac is 0.1 micrograms per milliliter. When Eltenac is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 0.25 milligrams per pound of body weight should be administered, preferably less. For a 1000 pound animal, the maximum daily dose is 250 milligrams, which equals 5.0 cc of the injectable (50 milligrams per milliliter). No part of dose should be administered during the 12 hours prior to competing. Eltenac should not be administered for more than five successive days. ELTENAC HAS BEEN APPROVED FOR USE PENDING FDA APPROVAL. THIS MEDICATION MAY NOT BE USED.

(7) **Acetazolamide**- may only be administered to horses documented through DNA testing to be positive (N/H or H/H) for HYPP (Hyperkalemic Periodic Paralysis). When acetazolamide is administered, the dose should be accurately calculated according to the actual weight of the animal. Each 24 hours, not more than 3 milligrams per pound of body weight should be administered. For a 1000 pound animal, the maximum daily dose is 3 grams.

(8) **Furosemide or Lasix**- when used, must be administered intravenously at least 4 hours prior to competition.

(9) **Isoxsuprine**- when administered, the dose should be accurately calculated according to the actual

weight of the animal. Each 24 hours, not more than 1.6 milligrams per pound of body weight should be administered (usually divided in two equal doses given 12 hours apart). For a 1000 pound animal, the maximum daily dose is 1600 milligrams, which equals eighty 20 milligram tablets. Not part of a dose should be administered during the four hours prior to competing. Any medicated feed should be consumed and/or removed at least four hours prior to competing.

(10) **Lidocaine / Mepivacaine**- (when administered within 24 hours of showing) may only be used under actual observation of event management (or designated representative) and/ or the official show veterinarian, either of which must sign the medication report form, to aid in the surgical repair of minor skin lacerations which, by their very nature, would not prevent the horse from competing following surgery. Medication report form must be filed with show management as required in section 2 above.

(11) **Dexamethasone** - The maximum permitted plasma concentration is 3.0 nanograms per milliliter at the time of competition. In order to help trainers, owners, and their veterinarians achieve compliance with this rule in connection with the therapeutic use of dexamethasone, it should be administered in accordance with the guidelines below. These guidelines include several alternative scenarios for dose time, and route of administration. Whenever dexamethasone is administered, the dose should be accurately calculated according to the actual weight of the animal.

*Alternative Number 1. (2.0 mg or less per 100 pounds IV or IM at 12 or more hours before competition).

Each 24 hours not more than 2.0 milligrams of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously or intramuscularly, preferably less. For a 1,000 pound animal, the maximum daily intravenous or intramuscular dose of dexamethasone injectable solution is 20.0 milligrams, which equals 5.0 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the 12 hours prior to competing. Dexamethasone should not be administered for more than five successive days.

*Alternative Number 2. (0.5 mg or less per 100 pounds IV at 6 or more hours before competition). Each 24 hours, not more than 0.5 milligrams of dexamethasone injectable solution per 100 pounds of body weight should be administered intravenously, preferably less. For a 1,000 pound animal, the maximum daily intravenous dose of dexamethasone injectable solution is 5.0 milligrams, which equals 1.25 milliliters of the injectable solution (4.0 milligrams per milliliter). No part of this dose should be administered during the six hours prior to competing. Dexamethasone should not be administered for more than five successive days.

*Alternative 3. (1.0 mg or less per 100 pounds orally at 6 or more hours before competition). Each 24 hours, not more than 1.0 milligrams of dexamethasone powder per 100 pounds of body weight should be administered orally, preferably less. For a 1,000 pound animal, the maximum daily oral dose of dexamethasone powder is 10.0 milligrams, which equals one packet of dexamethasone powder (10.0 milligrams per packet). No part of this dose should be administered during the 6 hours prior to competing. Any medicated feed should be either consumed or removed at least six hours prior to competing. Dexamethasone should not be administered for more than five successive days.

(12) **Firocoxib (Equioxx) (an NSAID)** - The maximum permitted plasma concentration of Firocoxib (Equioxx) is 0.240 micrograms per milliliter. Guidelines: When Firocoxib (Equioxx) is administered, the dose should be accurately calculated according to the actual weight of the animal. For a 1,000 pound animal, the maximum daily dose is 45.5 milligrams, which equals 0.1 milligram per kilogram of body weight once daily. No part of a dose should be administered during the 12 hours prior to competition. Firocoxib (Equioxx) should not be administered for more than 14 successive days.

- B) Administration of these drugs does not require that the horse be withdrawn and kept out of competition for a period not less than 24 hours after the medication is administered, nor is there a requirement that a medication report be filed with show management, except when Lidocaine/Mepivacaine is used (see (10) above).
- C) If more than one nonsteroidal anti-inflammatory drug substance (NSAID) is present in the same plasma or urine sample, no more than one is to be present in a concentration which exceeds trace levels.
- D) If two of the nonsteroidal anti-inflammatory drugs listed above are administered at any time during the seven days prior to competing, one of them should not be administered during the 48 hours prior to competing, in order to avoid exceeding the maximum permitted trace level when two are present in the plasma.
- E) If any third nonsteroidal anti-inflammatory drug is administered, it should not be administered during the seven days prior to competing. (Exception: Dipyrone, a masking substance, is not to be administered during the 24 hours prior to competing.)
- F) In the event a nonsteroidal anti-inflammatory drug is administered in a manner that might cause the plasma concentration to exceed the quantitative restrictions of the rule (in the case of those permitted to be used) or might cause the drug to be detected at any level in plasma or urine (in the case of those not permitted to be used), the trainer and owner should withdraw the horse from the competition, and the animal should be withheld from competition until the plasma concentration of any permitted drug returns to acceptable levels and/or until any nonsteroidal anti-inflammatory drug not permitted by the rules is no longer present in the blood or urine. In the event Dipyrone is administered to a horse, the trainer and owner must comply with all of the requirements of section 2 of this addendum.

4. Each of the 11 medications allowed in section (3) above must be administered in accordance with the recommendations as given for each. Should the testing laboratory report the presence of one of these drugs in an amount greater than what would be consistent with the recommendations or at a level higher than the maximum permitted plasma concentration for those listed in section 3(A) (1-3), the matter will be reviewed and disciplinary action may be taken.
5. Burden of persuasion to establish correct dosage and time limitation rests with the responsible person.
 - A) Additionally, as to drugs or substances described in subparagraphs (1)(B) and (C) above, in order to avoid disqualification by detection of a presence in the horse's system, the medication must be administered, or prescribed (letter of instructions) by a veterinarian, for the legitimate treatment of illness or injury, and administered, at least 24 hours before exhibition. Should the testing laboratory report the presence of these drugs in an amount greater than what would be consistent with the specified dosage and/or time constraint or dosage for legitimate treatment of illness or injury, the laboratory test result will be reviewed and disciplinary action may be taken.
 - (B) Laboratory detection of an excessive dosage of an otherwise conditionally permitted therapeutic drug or drugs specified in subparagraphs (1)(B) and (c) above shall constitute presumption of a violation of this rule, and the responsible party has the burden of persuasion to establish that the dosage was administered within rule specifications.
 - (C) To avoid this rule violation presumption and the stringent responsibilities of this rule, the responsible party may decide to simply withdraw the horse from competition for at least 24 hours following the last administration of any conditionally permitted therapeutic medication.

County Stalling Assignments

Counties will be assigned stall space in Horse Barn #2 with those stalls ordered online through the State Horse Show Registration site by the June 15 deadline.

On June 22, the State 4-H Office will send an email to those county offices that have youth registered to participate to verify the stalling assignments. Stalls will be allotted to counties but individual stalls for individual exhibitors will not be designated. It is the responsibility of the county to work with the exhibitors to assign the stall numbers to each exhibitor. Specific stalling assignments for exhibitors must be communicated to the exhibitors by the county.

Management will place a priority on stalling spaces with an end cap to counties that provide a completed Herdsman Entry Form postmarked by June 18 to assist with their displays. If a county does not provide a completed Herdsman Entry Form by the provided deadline, they will not be guaranteed an end cap.

I. CHAMPIONSHIP AND HIGH POINTS AWARDS – STATE 4-H HORSE SHOW

1. A Cloverleaf champion will be selected from the Saddle Seat, Hunt Seat, Ranch Horse and Stock Seat Division. Points accumulated in the three best classes within a division on one horse will determine the Cloverleaf Champion for that division. Quiz scores will not be included in the accumulated points. In the event of a tie for first, test scores will break the tie. Points accumulated in performance classes will be used as the second tie breaker, if needed.

2. Junior and Senior 4-H members participating in the State 4-H Horse Show will be awarded points based on their placing in each class. Points accumulated in their three best classes within a Championship Division (only one equitation class to count in Saddle Seat Division) will be based on the scale below. The written test percentage score will be multiplied by 25 or the maximum points possible in the largest class in that division.

Junior division champion and reserve division champions will be awarded to the 4-Her with the highest performance points. In the event of a tie, points earned in a fourth class will break the tie initially. After that, the quiz score breaks the tie.

The Senior division champion and reserve champions will be awarded to the 4-H'er with the highest point total from adding the performance points to the written test points. In the event of a tie, points earned in a fourth class will break the tie.

Points will be awarded in CLASSES based on placings as follows:

Five divisions are offered: Stock Seat, Saddle Seat, Hunt Seat, Ranch Horse and Contest. A \$500 college scholarship is awarded to each of the five Senior Champions. A \$300 college scholarship is awarded to each of the five Reserve Senior Champions. Scholarship recipients must maintain a college GPA of at least 2.0 in order to request scholarship payment. "Senior Champion Horseman" will also achieve master 4-H status. Senior 4-H champions and reserve champions become eligible for their scholarships upon completion of one quarter of college with a 2.0 average. Special awards are presented to each of the five Junior Champions and three Cloverleaf Champions.

Participation ribbons are provided for those that were not called back or did not place. It is the responsibility of the exhibitor to pick ribbons up after the conclusion of the class at ringside or in the awards office. Finalist ribbons will be provided for those that were called back in their class, but did not place. It is the responsibility of the exhibitor to pick ribbons up after the conclusion of the class at ringside or in the awards office.

The "Top 10" individuals in the Cloverleaf, Junior and Senior divisions will be recognized at the award program at an announced time and location that will be made available at the conclusion of the last class of that specific discipline. The "Top 10" individuals will receive a medallion and rosette.

The 2020 Southern Regional 4-H Horse Championship has been cancelled. We look forward to qualifying a Georgia delegation in 2021. Please save July 28-August 1, 2021.

J. SOUTHERN REGIONAL QUALIFYING. Entry information and check must be received by the June 23, 2020 deadline. Youth are informed of their qualifying status at the horse show during division awards. Youth intending to show at Southern Regionals are strongly encouraged to complete the entry **AT THE SHOW** and turn paperwork into the show office with a check for entry fees. County agent signatures are not required on the entry but youth MUST inform their county agents of their success and participation at the next step!

An entry can be cancelled and funds refunded at any time before the deadline of June 23 by emailing Dr. Julia McCann at jsmccann@uga.edu. As cancellations occur, youth with the next highest number of points in that division will be offered the chance to show at Southern Regionals. Youth that qualify and DECIDE TO NOT PARTICIPATE IN SO. REGIONALS MUST DECLARE THEIR INTENTIONS WITH DR. McCANN AS SOON AS POSSIBLE to facilitate notification of another youth. Contact information on the state entry forms must be current to facilitate notification.

Families hopeful to show at Southern Regionals are encouraged to consider the schedule, class list, and rules at the online site for "2020 Southern Regional 4-H Horse Championship" that will be available in late spring. **Dr. McCann must have current contact information to facilitate potential communications that youth have become eligible after scratches are received. Entries received will be posted on the "GA 4-H Horse Program" Facebook page daily.**

70 4-H'ers will be eligible to represent Georgia at the 2020 Southern Regional Horse Championships, to be held July 29 – August 2, 2020 in Perry, GA. The top Junior and top Senior in Dressage will be invited, and six at-large participants will be selected based on participation within Divisions and special circumstances. The remaining 64 qualifying positions will be selected based upon the following formula:

<u>Number of exhibitors in division (HS, StS, SS, RH, CE) *</u>	X64**	=Number of qualifying
Total number of show exhibitors	Qualifying	positions within a
	positions	respective division

*** HS = Hunt Seat; StS = Stock Seat; SS = Saddle Seat; RH = Ranch Horse; CE = Contest Events)**

Example:

120 Western Division exhibitors divided by 240 total exhibitors = 0.50

0.50 x 64 qualifying positions = 32

32 Western Division exhibitors will be given the opportunity to exhibit at the Southern Regional's....16 Jr and 16 Sr

** If all slots within a division are not filled, that is, Ranch Horse, Saddle Seat, or any other division, open qualification spots will be recalculated on a percent basis between remaining divisions with adjustments made in the total number of exhibitors eligible to participate at Southern Regional's. Each division will be guaranteed to qualify at least 2 Senior and 2 Junior riders.

The first priority for selection of Southern Regional 4-H Horse Championships will be to invite 70 different qualifying 4-H'ers. The second priority is to allow 4-H'ers who qualify on two different horses to take both horses if each horse earned enough points to qualify.

Contestants must show the same horse at the Southern Regionals Show that they qualified on at the Georgia 4-H State Horse Show, with no exceptions. Substitutions of horses will not be allowed.

Before entering Southern Regionals, youth and their families should consider the class list that does not include pony classes, age divisions, or arena race, just to highlight a few differences. Rules and the entry form will be available at the show office and online once posted.

Qualifying youth are encouraged to submit the completed Southern Regional entry form at the Georgia 4-H State Show and deliver to the Show office before departure. This will avoid expense and worry of missing the deadline due to delivery woes. With an email to jsmccann@uga.edu, entries can be cancelled prior to June 23 with no penalty.

If the entry must be mailed, it must reach Dr. Julia McCann (Dr. Julia McCann, 144 Edgar Rhodes Center- ADSC UGA, 425 River Road Athens, GA 30602) no later than the close of business on Tuesday, June 23, 2020. For questions regarding entries, contact Dr. Julia McCann at jsmccann@uga.edu or at 706-542-1018. **Georgia 4-H seeks to fill all 70 spots at Southern Regionals. If a family accepts the spot offered at the horse show and then FAILS TO CANCEL THEIR ENTRY when circumstances change, then another Georgia 4-Her may not be notified in time to be offered the spot. FAMILIES MUST ENSURE an email is sent to jsmccann@uga.edu to cancel if necessary.**

# SHOWMANSHIP

## GENERAL

Fitting and showmanship classes are judged on the fitting and grooming of the horse and on the ability of the showman to present the horse properly and to best advantage. Type, conformation, and quality of the horse have no bearing on the judging of these classes. Manners and response to the showman, however, do indicate the degree of training received by the animal and should be credited to the showman. These classes are offered in three divisions - Stock Seat, Hunt Seat, and Saddle Seat - for members showing horses. Ponies and horses compete in the same classes. The judge should respect breed differences in grooming, presentation and appointments within the showmanship class. ***These guidelines follow the AQHA 2020 Handbook for scoring and penalties. It is at the judge's discretion to adhere closely to the AQHA system in other divisions, but the showmanship standards are similar. Refer to the AQHA Rulebook for more detail on presentation and execution of patterns: <https://www.aqha.com/aqha-rulebook>.***

## SHOWMANSHIP CLASSES (All Divisions)

### A. Club member and his/her equipment:

1. Personal appearance of club member: neat, clean, well-groomed, attentive, courteous, and in appropriate attire. For western or saddle seat divisions, traditional hats OR ***helmets may be worn in showmanship classes.***
2. Equipment:
  - a) Hunter: Clean, adjusted and acceptable hunter bridle (no halters). No crops or bats are permitted. Braiding manes and tails are optional but will be a credit earning effort.
  - b) Saddle Seat: Clean, adjusted halter or bridle (full, Pelham, curb or snaffle).
  - c) Western: Clean, adjusted halter to fit the horse. A silver embellished halter shall not be given preference over good-working halters.

### B. Horse (fitting and grooming):

1. The horse should be clean, well-groomed and fitted for his type.
2. The horse's body condition and overall fitness should be assessed. The hair coat should be clean, well brushed and in good condition.
3. The horse's feet should be cleaned and either trimmed or properly shod.
4. Manes may be pulled or natural for horses in the stock seat division where banding and hoof black is permitted. Ranch horses should be shown without bands or hoof black (See Ranch Horse Division Rules)

### C. SHOWMANSHIP SYSTEMS

Everyone is expected to show their horse on the "Quarter Method" where the horse is "divided" down the midline of the vertebrae and at the withers. The judge's position in the respective quadrant of the horse influences where the showman should stand to present the horse.

#### Quarter Method:

1. The showman must always have an unobstructed view of the judge, must always be presenting the horse and must always know what his horse is doing.
2. If the judge is standing at the rear quarters of the horse, the showman must be on the same side of the horse as the judge.
3. If the judge is standing at the front quarters of the horse, the showman is on the opposite side of the horse as the judge.
4. In either case, the showman must keep the judge within his field of vision at all times and should never stand directly in front of the horse.

5. The exhibitor should not crowd other exhibitors when setting up side-by-side or head-to-tail.
6. When moving around the horse, the exhibitor should change sides in front of the horse with minimal steps and should assume the same position on the right side of the horse that they had on the left side.

Regardless of where the judge stands in the ring for traveling the horses to and away from him, the following principles shall apply: When moving the horse at a walk, jog, or favorite gait or turning, the handler should always be on the horse's left (near) side. All turns greater than 90 degrees must be to the right so that the horse is moving away from the handler.

Exhibitors should be poised, confident, courteous and genuinely sportsmanlike at all times, quickly recognizing and correcting faults in the positioning of the horse. The exhibitor should continue showing the horse until the class has been placed or they have been excused, unless otherwise instructed by the judge. The exhibitor should appear business-like, stand and move in a straight, natural and upright manner, and avoid excessive, unnatural or animated body positions.

#### Methods of Showing:

The exhibitor should perform the work accurately, precisely, smoothly, and with a reasonable amount of speed. Increasing speed of the work increases the degree of difficulty, however, accuracy and precision should not be sacrificed for speed. The horse should lead, stop, back, turn and setup willingly, briskly and readily with minimal visible or audible cueing.

Leading, backing, turning and initiating the set-up should be performed from the left side of the horse. At no time should the exhibitor ever stand directly in front of the horse. When moving, keep your horse's neck, head and body in a straight line and maintain precise control.

The stop should be straight, prompt, smooth and responsive with the horse's body remaining straight.

The exhibitor should not touch the horse with their hands or feet, or visibly cue the horse by pointing their feet at the horse during the set-up. Light halter (or bridle) pressure should signal the horse to place the feet appropriately.

The ideal turn consists of the horse pivoting on the right hind leg while stepping across and in front of the right front leg with the left front leg.

When leading, the exhibitor should be positioned between the eye and the mid-point of the horse's neck referred to as the leading position. Both arms should be bent at the elbow with the elbows held close to the exhibitor's side and the forearms held in a natural position. Height of the arms may vary depending on the size of the horse and exhibitor, but the arms should never be held straight out with the elbows locked.

The position of the exhibitor when executing a turn to the right is the same as the leading position except that the exhibitor should turn and face toward the horse's head and have the horse move away from them to the right.

When executing a back, the exhibitor should turn from the leading position to face toward the rear of the horse with the right hand extended in front of the exhibitor's chest still maintaining slight bend in the elbow and walk forward. The ideal position is for the exhibitor's left shoulder to be in alignment with the horse's left front leg.

When setting the horse up for inspection, the exhibitor should stand angled toward the horse in a position between the horse's eye and muzzle, and should never leave the head of the horse.

#### Class Procedure

Each exhibitor will individually enter the ring and perform the pattern as shown in the show pattern book. Exhibitors will work in the order of go that is posted and confirmed by the paddock master. The following maneuvers are considered acceptable: leading the horse at a walk, jog, trot or extended trot or favorite gait, or back in a straight or curved line, or a combination of straight and curved lines; stop; and turn 90 (1/4 turn), 180 (1/2 turn), 270 (3/4 turn), 360 (full turn) degrees or any combination or multiple of these

turns. A pull turn towards the exhibitor is an unacceptable maneuver. Exhibitors must also set the horse up squarely (appropriate for breed) for inspection.

Be sure to check in with the paddock master prior to your class. It is the responsibility of the exhibitor to be on time for their go. If you miss your go in order you will not be allowed to go at the end of class. Special cases will be considered if arrangements are made at least one hour prior to the class.

### Scoring

***Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70. Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the form and effectiveness of the exhibitor and presentation of horse to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor. Exhibitor's overall form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent***

Contestants will be scored on an individual basis ranging from 0-100 and according to the fault system listed above.

Score Range:

90-100: Excellent showmanship, including body position and presentation of horse. Completes pattern accurately, quickly, smoothly and precisely; demonstrates a high level of professionalism.

80-89: Very good performance in execution of the pattern as well as correct showmanship and presentation of horse. Excellent showman that commits a major fault.

70-79: Good pattern execution and average showmanship; lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good showman that commits a major fault or an excellent showman that commits a severe fault.

60-69: Fair pattern that lacks quickness or precision. Horse with consistently unwilling attitude or handler with obvious position and/or presentation faults that prevents effective showmanship. A good showman that commits one major fault in the performance of the pattern. A very good showman that commits a severe fault.

Less than 59: Good showman that commits one severe or multiple major and/or minor faults; excellent or very good showman that commits multiple, and/or combination of severe, major or minor faults in the performance or presentation or position of exhibitor that precludes effective communication with the horse.

## STOCK SEAT DIVISION

### **APPOINTMENTS**

1. **PERSONAL:** Clothing must be clean and neat. Riders shall wear western boots. Shirts with a collar and long sleeves are required. Spurs, chaps, or similar equipment are optional. Ball caps are not acceptable.

It is required that all students in all divisions of Georgia 4-H horse shows wear equine approved protective headgear meeting accepted safety standards (ASTM/SEI). The student and parent/guardian are responsible for assuring that their head gear complies with safety standards. It is not the responsibility of the officials to check head gear. Protective head gear is appropriate for any class or division and will not be viewed as inappropriate attire or cause penalization in competition.

2. **TACK:** Horse shall be shown with a stock saddle, but silver tack equipment will not count over a good-working outfit. A snaffle, curb, half-breed or spade bit is permissible; but a martingale, tie-down or nose band is prohibited. No wire curbs, regardless of how taped, nor chin strap narrower than one-half inch will be permitted. Chain curbs are permissible but must be of the standard flat variety with no twist, and must meet the approval of the judge. A hackamore or snaffle bit may only be used on junior horses (5 years or younger). "Hackamore" means that a horse will be ridden ONLY with a rawhide braided or leather braided or rope bosal. Absolutely no iron will be permitted under the jaws, regardless of how padded or taped. Mechanical hackamores are prohibited.
3. Protective boots, leg wraps and bandages are prohibited except in Western Horsemanship.
4. More information and patterns are available by visiting: [www.aqha.com](http://www.aqha.com).

### **SHOWMANSHIP – CLOVERLEAF, JUNIOR AND SENIOR**

Showmanship is a class that rewards excellence in grooming, presentation of the horse/pony for conformation evaluation, and the ability to complete a pattern of maneuvers. Youth should study a more detailed overview of the class described on pages 33-36 of this rule book. The specific pattern designed by the judge will be available at the horse show upon arrival but typically asks all exhibitors move their horse into a trot for a short distance. Orange cones are often used to mark transition points in the pattern so it is best for youth to acquaint their horses with these "foreign aliens" before the show! Practice makes perfect!

**WESTERN PLEASURE - Cloverleaf, Junior and Senior**

1. Horses are shown at a walk, jog, extended jog, and lope on a reasonably loose rein without undue restraint. Horses must work both ways of the ring at all gaits to demonstrate their ability with different leads. Horses may be required to reverse at the walk or jog and may be required to make upward or downward transitions from any gait at the discretion of the judge. For safety of the contestants, a reverse at the lope shall not be called. An extended lope will not be requested. Cloverleaf youth show at walk and jog only.
2. The judge shall have the right to ask for additional work from any horse. Additional work shall be related to the utility of the horse.
3. The judge may ask that only finalists be backed.
4. Horses are to be reversed to the center of the arena.
5. Any portion of a class or heat may be placed on the rail for extra work by the judge at any time.
6. Entries shall be penalized for being on wrong leads, but not necessarily disqualified. Excessive speed and breaking gait are to be penalized.
7. This class will be judged on the performance of the horse at the discretion of the judge.
8. Reins shall be held as illustrated in images below and cannot be changed during the performance. The free hand shall not be used to support the rider by being placed on any part of the saddle.
9. Contestants must use split reins or romal -- roping reins are not permitted. Only one finger between the reins is permissible when using split reins. See diagrams below for correct usage of reins – romal, split reins with curb bit, and split reins with snaffle bit.

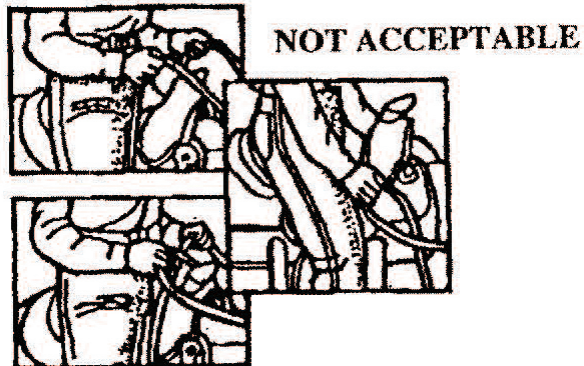

**Only one finger allowed between split reins**

**NO fingers allowed between romal reins**

**USE OF SPLIT REINS WITH SNAFFLE**

## **WESTERN HORSEMANSHIP – CLOVERLEAF, JUNIOR AND SENIOR**

### **Section A: General.**

1. Riders will be judged on basic position in saddle; position and use of hands, legs and feet; ability to control and show horse; and suitability of horse to rider.
2. Scores on individual work will be based on rider's skills and execution of the pattern.
3. Cloverleaf youth show at walk and jog only.

### **Section B: Exhibitor evaluation considerations**

Horsemanship will be judged according to the standards and scoring system outlined in the current American Quarter Horse Association Official Handbook as follows.

Overall presentation of exhibitor and horse. The exhibitor should appear natural in the seat and ride with a balanced, functional and correct position regardless of the maneuver or gait being performed. During the rail work and pattern, the exhibitor should have strong, secure and proper position. Exhibitors should sit and maintain an upright position with the upper body at all gaits.

Exhibitor presentation and position. The rider should sit in the center of the saddle and the horse's back with the legs hanging to form a straight line from the ear, through the center of the shoulder and hip, touching the back of the heel or through the ankle. The heels should be lower than the toes, with a slight bend in the knee and the lower leg should be directly under the knee. The rider's back should be flat, relaxed and supple. An overly stiff and/or overly arched lower back will be penalized. The shoulders should be back, level and square. The rider's base of support should maintain secure contact with the saddle from the seat to the inner thigh. Light contact should be maintained with the saddle and horse from the knee to mid-calf. The knee should point forward and remain closed with no space between the exhibitor's knee and the saddle. The exhibitor will be penalized for positioning the legs excessively behind or forward of the vertical position. Regardless of the type of stirrup, the feet may be placed home in the stirrup, with the boot heel touching the stirrup, or may be placed with the ball of the foot in the center of the stirrup. The rider's toes should be pointing straight ahead or slightly turned out with the ankles straight or slightly broken in. Riding with toes only in the stirrup will be penalized. Those exhibitors that can maintain the proper position throughout all maneuvers should receive more credit. When riding without stirrups, the exhibitor should maintain the same position as previously described. Both hands and arms should be held in a relaxed, easy manner, with the upper arm in a straight line with the body. The arm holding the reins should be bent at the elbow forming a line from the elbow to the horse's mouth. The free hand and arm may be carried bent at the elbow in a similar position as the hand holding the reins or straight down at the rider's side. Excessive pumping of the free arm as well as excessive stiffness will be penalized. The rider's wrist is to be kept straight and relaxed, with the hand held at about 30 to 45 degrees inside the vertical. The rein hand should be carried immediately above or slightly in front of the saddle horn. The reins should be adjusted so that the rider has light contact with the horse's mouth, and at no time shall reins require more than a slight hand movement to control the horse. Excessively tight or loose reins will be penalized.

The rider's head should be held with the chin level and the eyes forward, and may be directed slightly toward the direction of travel. Excessive turning of the head to the inside of the circle, or down at the horse's head or shoulder will be penalized.

The exhibitor should not crowd the exhibitor next to or in front of them when working on the rail and should pass to the inside of the arena. When reversing on the rail, the exhibitor should always reverse to the inside of the arena.

### Section C: Class Routine

1. The officials will ask each rider to work individually. These individual workouts will be of any of the maneuvers that the officials feel are necessary to determine the horsemanship ability of the rider.

Some of the following maneuvers may be required in addition to others requested by the judge:

- a) Straight walk, jog and lope, and/or circles in both directions.
  - b) Stop.
  - c) Back straight, in an "L" or circle.
  - d) 360 degree turn or spin.
  - e) Pivot, both ways.
  - f) Turns of varying degrees: 90, 180 or 270.
  - g) Rollbacks.
  - h) Lope circles of varying size and speed.
  - i) Pickup leads from standstill, walk or jog.
  - j) Simple or flying lead changes in a circle.
  - k) Simple or flying lead changes on a straight away.
  - l) Side pass.
  - m) Senior exhibitors only may be requested to dismount and remount.
2. Judging of the individual workout begins at the indication of the judge and stops at the end of the pattern or the end of the 30 second time period, which will be indicated by a signal from the ring steward or the timer. Exhibitors shall leave the arena at that signal, regardless of whether or not they have completed the work prescribed by the judge.
  3. These individual work scores will be used to determine the top riders who may be asked to work individually or on the rail. Those selected riders (or all riders if the class is small) will be required to work on the rail to determine final placing.
  4. Rail work will include walk, jog, and lope in at least one direction of the ring.

### Section D: Scoring Exhibitors.

***Exhibitors are to be scored from 0 to infinity, with 70 denoting an average performance. Patterns will be divided into 6 to 10 maneuvers, as specified by the judge, and each maneuver will be scored from +3 to -3 with 1/2 point increments acceptable that will be added or subtracted from 70. Maneuver scores should be determined independent of penalties, and should reflect equal consideration of both performance of the exhibitor's pattern and the horsemanship form and effectiveness of the exhibitor to result in the following scores: +3 Excellent, +2 Very Good, +1 Good, 0 Average or Correct, -1 Poor, -2 Very Poor, -3 Extremely Poor. Exhibitors overall horsemanship form and effectiveness should also be scored from 0 to 5 with 0 to 2 Average, 3 Good, 4 Very Good, 5 Excellent. Exhibitors should also be judged on the rail, and their pattern score and/or ranking may be adjusted as appropriate.***

90-100 Excellent rider, including body position and use of aids. Completes pattern accurately, quickly, smoothly and precisely while demonstrating a high level of professionalism.

80-89 Very good performance in execution of the pattern as well as correct horsemanship and use of aids. Excellent horseman that commits a major fault.

70-79 Good pattern execution and average horsemanship lacking adequate style and professional presentation to merit elevating to the next scoring range. A very good rider that commits a major fault or an excellent rider that commits a severe fault.

60-69 Fair pattern that lacks quickness or precision or rider has obvious position and/or appearance faults that prevents effective horsemanship; or a good horseman that commits a major fault in the performance of the pattern. A very good rider that commits a severe fault.

Less than 59 Good pattern with one severe or multiple major/minor faults; excellent or very good rider that commits multiple, and/or combination of, severe, major or minor faults in the performance. A rider that

demonstrates a lack of riding ability and knowledge of correct body position.

Overall Presentation of Exhibitor and Horse. The exhibitor's overall poise, confidence, appearance and position throughout the class as well as the physical appearance of the horse will be evaluated.

### PENALTIES

Maneuver evaluations and penalty applications are to be determined independently. The following penalties will be applied for each occurrence and will be deducted from the final score:

#### Three (3) points

Break of gait at the walk or jog up to 2 strides

Over or under turn from 1/8 to 1/4 turn

Tick or hit of cone

Obviously looking down to check leads

#### Five (5) points

Not performing the specific gait or not stopping within 10 feet (3 meters) of designated location

Incorrect lead or break of gait at the lope (except when correcting an incorrect lead)

Break of gait at walk or jog for more than 2 strides

Loss of stirrup

Bottom of boot not touching pad of stirrup at all gaits including backup

Head carried too low and/or clearly behind the vertical while the horse is in motion, showing the appearance of intimidation

#### Ten (10) points

Loss of rein

Use of either hand to instill fear or praise while on pattern or during rail work

Holding saddle with either hand

Cueing with the end of the romal

Blatant disobedience including kicking, pawing, bucking, and rearing

Spurring in front of the cinch

#### Disqualifications (should not be placed) including:

Failure to display correct number

Abuse of horse or schooling

Fall by horse or exhibitor

Illegal equipment or illegal use of hands on reins

Use of prohibited equipment

Off pattern, including: knocking over or wrong side of cone or marker; never performing designated gait or lead; over or under turning more than 1/4 turn

## **WESTERN DIVISION - WESTERN RIDING – Junior and Senior**

- A. Western Riding is an event where the horse is judged on quality of gaits, lead changes at the lope, response to the rider, manners, and disposition. The horse should perform with reasonable speed, and be sensible, well-mannered, free and easy moving.
- B. Credit shall be given for and emphasis placed on smoothness, even cadence of gaits (i.e., starting and finishing pattern with the same cadence), and the horse's ability to change leads precisely, easily, and simultaneously both hind and front at the center point between markers. In order to have balance, with quality lead changes, the horse's head and neck should be in a relaxed, natural position, which his poll level with or slightly above the level of the withers. He should not carry his head behind the vertical, giving the appearance of intimidation, or be excessively nosed out, giving a resistant appearance. The horse should have a relaxed head carriage showing response to the rider's hands, with a moderate flexion at the poll. Horses may be ridden with light contact or on a reasonably loose rein. The horse should cross the log both at the jog and the lope without breaking gait or radically changing stride.
- C. The judge will select one of the four AQHA Level 1(Green) to be performed. The judge is responsible for the pattern being correctly set.
- D. On the pattern:
1. The eight small circles represent pylon markers which are recommended. These should be separated by a uniform measured distance of not less than 30 feet nor more than 50 feet on the sides with 5 markers (see diagram). In pattern one, the three markers on the opposite side should be set adjacent to the appropriate markers. It is recommended that markers be set a minimum of 15 feet (4 1/2 meters) from the fence and with 50 to 80 foot (15 to 24 meters) width in the pattern, as the arena permits.
  2. A solid log or pole should be used and be a minimum of 8 feet (2.5 meters) in length.
  3. The long serpentine line indicates the direction of travel and gaits at which the horse is to move. The shaded area represents the least changing area between the markers. The dotted line (...) indicates walk, the dash line (---) jog, and the solid line (\_\_\_) lope.
- E. Scoring will be on the basis of 0-100 with 70 denoting an average performance.
1. Scoring guidelines to be considered: points will be added or subtracted from the maneuvers on the following basis, ranging from plus 1.5 to minus 1.5: -1.5 extremely poor, -1 very poor, -.5 poor, 0 average, +.5 good, +1 very good, +1.5 excellent. Maneuver scores are to be determined independently of penalty points.

**LOCATION  
PENALTIES  
FOR  
DESIGNATED  
CHANGES**

## **TRAIL HORSE CLASS** (Class 61, Class 62)

- A. Open to all horses and ponies. Standard tack and attire for the appropriate division. Hands on reins may be changed. No tie-downs or martingales. The class will have no rail work. Horses may be asked to walk, trot (jog, pleasure gait) and canter (lope or fast rack) between the obstacles. Each entry will work individually through an obstacle course designed to test the manners and performance of a good trail riding mount. Each entry will be given a numerical score based on his performance at each obstacle and overall manners and gaits.
- B. Exhibitors may ride only one horse in a trail class.
- C. Points accumulated will count in the Stock Seat Division.
- D. The course shall consist of at least six obstacles chosen and arranged from the following list:
- a. Walk over at least four logs
  - b. Back through an "L" shaped obstacle
  - c. Carry an object from one part of the arena to another
  - d. Walk through a water obstacle
  - e. Cross a simulated wooden bridge
  - f. Ride across or lead horse across a pole obstacle at least 12" but not over 24" in height
  - g. Put on and remove slicker

  - i. Open and close a simple gate
  - j. Ride between bales of hay or other obstacles making a narrow passage
  - k. Sidepass over poles or similar objects
- E. Other obstacles or variations to the above may be used but must be described in the course diagram and meet the approval of the judge. Safety should be stressed in construction, selection and arrangement of obstacles.
- F. A course diagram shall be posted at least one hour before the class is held. This diagram will indicate what gait (i.e. walk, trot, canter) the horse will take between each obstacle.
- G. The judge shall break ties by requiring tied entries to repeat any part of the course.
- H. Tack and appointments used must meet the same requirements as apply to the same entry in its appropriate equitation division. Appointments of the horse and rider, as well as conformation, however, will have no bearing on the placing of this class.
- I. Scoring of the faults on the trail course will follow current AQHA Official Handbook guidelines as outlined below.

Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1 1/2 to minus 1 1/2: -1 1/2 extremely poor, -1 very poor, -1/2 poor, 0 correct, +1/2 good, +1 very good, +1 1/2 excellent. Obstacle scores are to be determined and assessed independently of penalty points.

Falling or jumping off or out of a bridge or a water box with one foot once the horse has got onto or into that obstacle  
Stepping outside of the confines of an obstacle with designated boundaries (i.e. back through, 360-degree box, side pass) with one foot once the horse has entered the obstacle.  
Missing or evading a pole that is a part of a series of an obstacle with one foot

**Five (5) Point Penalty**

Failure to follow the correct line of travel between obstacles  
Excessive schooling, pulling, turning, stepping or backing anywhere on course  
Failure to open and shut the gate or failure to complete the gate

# HUNT SEAT DIVISION

## APPOINTMENTS

1. **PERSONAL APPOINTMENT:** ASTM/SEI approved headgear is required in all classes in the Hunt Seat Division. While competing in a class, if a rider's chin strap becomes unfastened, the rider may stop, refasten the chin strap and continue his/her performance without penalty or elimination. A judge may stop a rider (but not required) and ask them to refasten a loose chin strap, again without penalty to the rider. Headgear must be free from non-traditional adornment.
2. **ATTIRE:** Clothing must be clean, neat, and appropriate for hunter classes. Riders are required to wear conservatively colored coats (black, blue, green, grey, or brown) which are free from adornment which in the judge's opinion is overly distracting. Shirts must have a choker, similar collar or tie. Breeches or jodhpurs may be buff, canary, tan, rust, or white. Boots should be black or brown. Helmet should be a dark color. English style spurs are permitted and gloves should be a conservative color. Youth under 12 years old may wear jodhpur pants with garter straps and matching paddock boots. Riders in Open Jumping classes should wear show attire as outlined. Management or Judge may eliminate an exhibitor who is inappropriately attired.
3. **TACK:**
  - a. Saddle: Clean English Close Contact, All Purpose or Dressage style saddles should be used
  - b. Bridle: In all Hunt Seat classes (other than Open Jumping and Dressage) a regulation snaffle, kimberwick, pelham, or full bridle all with a cavesson/noseband is required. Figure eight, flash and drop nosebands are considered unconventional in hunter and equitation classes.
  - c. Bits: Bits such as two ring, three ring, gag, etc. are illegal in hunter and equitation classes and may result in elimination. Judges may penalize but not eliminate a horse or pony that competes in a snaffle, Pelham or full bridle that is unconventional.
  - d. Stirrups. It is recommended that riders use traditional stainless steel stirrup irons that promote proper position of the foot in the iron as well as a correct leg position. It is further recommended that riders use stirrup irons that allow judges a clear and unobstructed view of the position of the foot in the stirrup. Judges may not eliminate a rider for using a particular style of stirrup iron.
  - e. Additional equipment: Breast plates are optional, standing and running martingales are allowed in over fences classes. Martingales are not allowed in any flat classes. **Horse bonnets are not allowed in hunter. In Equitation Over Fences, boots and wraps are allowed.**
  - f. Crops/Bats: Should be a conservative color and may not exceed 30" in length. Traditional length is 18-24 inches.
  - g. Jumper Classes: Bell boots, bandages, figure eight and flash nosebands, gags, two ring and three ring bits and running martingales are allowed.
4. Additional information is available from [www.usef.org](http://www.usef.org).

**SHOWMANSHIP IN-HAND: Cloverleaf, Junior, and Senior classes. Ponies and horses in same class.**

Showmanship is a class that rewards excellence in grooming, presentation of the horse/pony for conformation evaluation, and the ability to complete a pattern of maneuvers. Youth should study a more detailed overview of the class described on pages 33-36 of this rule book. The specific pattern designed by the judge will be available at the horse show upon arrival but typically asks all exhibitors move their horse into a trot for a short distance. Orange cones are often used to mark transition points in the pattern so it is best for youth to acquaint their horses with these "foreign aliens" before the show! Practice makes perfect!

Unique to the hunter division is the braiding of the forelock, mane, and tail. Since turnout is paramount in showmanship, 4-Hers should learn to braid their project horse and present a braided, well trained horse for presentation in the showmanship class. Exhibitors should show in a clean bridle.

**HUNTER UNDER SADDLE: Cloverleaf, Junior and Senior**

1. The class will be judged on the horse's way of going, manners and suitability. Conformation of the horse may only be considered in extremely close competition.
2. Horses are shown on the flat at a walk, trot and canter while maintaining light contact with the horse's mouth.
3. Horses must work both ways of the ring at all gaits to demonstrate their ability with different leads.
4. The judge may ask finalists to hand gallop but never more than a safe number of horses to gallop at one time.
5. Horses should back easily and stand quietly. The judge may ask that only the finalists be backed.
6. Large numbers in this class will necessitate elimination heats to accommodate all horses. Finalists from each heat will be announced and identified before exiting the heat.
7. Any portion of a class or heat may be placed on the rail for extra work by the judge at any time.

**HUNT SEAT EQUITATION ON THE FLAT: Cloverleaf, Junior and Senior**

1. The rider's performance and skills are being judged in this class. Rider's basic position in the saddle; position and use of hands, legs and feet; ability to control and show a horse and suitability of horse to rider are important; but rider's skills and execution must be considered.
2. Riders will not be required to jump.
3. Position:
  - a) GENERAL APPEARANCE: Rider should have workmanlike appearance, with light and supple seat and hands which convey the impression of complete control should any emergency arise.
  - b) BASIC POSITION: The eyes should be up and shoulders back. Toes should be out at an angle best suited to rider's conformation; ankles flexed in, heels down, calf of leg in contact with horse and slightly behind girth. Iron may be either under the toe, ball of foot or slightly behind ball of the foot.
  - c) POSITION IN MOTION: At the walk, sitting trot and canter, body should be a couple of degrees in front of the vertical; posting trot, inclined forward; galloping and jumping, same inclination as the posting trot.
  - d) HANDS: Hands should be over and in front of the horse's withers, knuckles thirty degrees inside the vertical with hands slightly apart and making a straight line from horse's mouth to rider's elbow. Bight of the reins may fall on either side. However, all reins must be picked up at the same time. When using two reins (pelham or double bridle), the snaffle rein should be the one on the outside while the curb rein is on the inside.

4. Each rider will individually perform a given pattern which may be composed from the optional list of tests below. The judge will score each rider on their individual skills and execution of the pattern. Failure to execute or complete the pattern will not be a disqualification but shall be scored accordingly. Optional list of tests for Hunters which may be executed collectively or individually:
  - a) Execute a slow sitting trot, posting trot and/or extended trot.
  - b) Back.
  - c) Walk from a gallop with the emphasis on hands.
  - d) Halt from a canter.
  - e) Dismount and mount.
  - f) Figure 8 at the trot demonstrating the proper change of diagonals. The rider should be on the left diagonal when trotting in a clockwise direction and on the right diagonal when circling counter-clockwise. On the left diagonal, the rider will be sitting in the saddle when the horse's left front leg is on the ground. The rider is on the right diagonal when he is sitting in the saddle when the horse's right leg is on the ground.
  - g) Figure 8 at canter demonstrating a simple change of leads. (A simple change of leads is one in which the horse is brought back into a walk or trot before being restarted in a canter on the opposite lead.) Figures should be started at the center of the two circles so that one change of leads is shown.
  - h) Figure 8 at the canter on the correct leads demonstrating a flying change of leads (Seniors Only). (Change leads without slowing down to a walk or trot.)
  - i) Ride without stirrups. Riders must have the option to cross stirrups.
  - j) Maintain a counter-canter (Seniors Only).
  - k) Demonstrate a half turn on the forehand from the walk or halt and/or half turn on the haunches from the walk.
5. The final riders will be required to work on the rail to determine final placings. The riders will proceed at each gait (walk, trot and canter) and on command, reverse and repeat. The riders may be requested to gallop in safe groups and/or perform additional tests. The reverse may be executed by turning either towards or away from the rail.

**WORKING HUNTER AND PONY WORKING HUNTER OVER FENCES – Working Hunter Junior and Senior; Pony Working Hunter (all ages)**

1. Horses will be judged on performance, manners, hunting pace, style of jumping, way of moving and suitability for actual use in the hunting field.
2. All horses must be serviceably sound. Horses must be placed on performance before consideration for soundness. Finalist will be jogged in hand past the judge for soundness in order of performance. Any horse showing lameness, broken wind or impairment in vision shall be refused an award at the judge's discretion.
3. Each horse will individually negotiate a course consisting of at least eight jumps with a minimum of four obstacles. At least two changes of direction are recommended. The course diagram will be available on the show grounds in the pattern book. Judging will start when the horse enters the arena and ends when the horse leaves the arena.

4. The height of fences will be the following:
  - a) Hunter horses - not to exceed 2'6"

  - c) Small ponies - (less than 13.0 hands); not to exceed 2'0"
  
5. Management must provide at least one practice jump. This jump should be in a warm-up ring or area.
  
6. Jumps to be used in the jumping classes may be selected from the following list but will not be limited to this list:
  - a) Brush.
  - b) Post and rail.

## **EQUITATION OVER FENCES**

1. The rider's performance and skills over fences are being judged in this class. Rider's basic position in the saddle; position and use of hands, legs and feet; ability to control and show the horse and suitability of horse to rider are important; but rider's skills and execution must be considered.
2. Each rider shall perform a pattern consisting of at least six (6) jumps. Three cumulative refusals will cause elimination.

  - A. Major faults include:
    - a. Refusal at jump or stopping anywhere on course
    - b. Crossing the track

    - b. Three cumulative refusals
    - c. Off course
    - d. Trotting or cantering through the in or out gate
3. Position: Same as Equitation on the Flat.
4. The judge will score each rider on their individual skills and execution of the course.
5. The final riders may be required to work on the rail and/or over fences to determine the final placings.
6. See entry form for height of fences.

**OPEN JUMPING HORSE & PONY: Pony Jumping (all ages/sizes) and Open Jumping Horses Junior and Senior**

1. Jumpers are scored and placed on a mathematical basis and penalty faults, which include disobediences, falls, and knockdowns.
2. The open jumping class will be held as a 2.2a/b format class. The first round will be the preliminary round. Each horse and pony will individually negotiate a course consisting of at least four different obstacles and make a minimum of eight jumps. Refer to WORKING HUNTER AND PONY HUNTER OVER FENCES number 6, for type of jumps. There will be a maximum time allowed. There will be 1-time fault assessed for each second over the time allowed.
3. Both a starting line at least 12 feet in front of the first obstacle and a finish line at least 24 feet beyond the last obstacle must be indicated by markers (at least 12 feet apart) at each end of the lines.
4. Horses or ponies with no faults (a clean round) in the preliminary round will jump a second posted course and will be timed. Riders may choose to either immediately jump off or to come out and then jump off after all other riders have completed the first round. In either case, rider will proceed to the jump-off after the judge's signal. The jumps will not be raised for the jump-off. The preliminary round will be timed, and in the event that there are no clean rounds, there will be no jump-off; times earned in the preliminary round will be used to break any ties. 5. The height of fences for the preliminary round will be: Horses – fence height ranges 3' to 3'6"; Ponies - 2'6" to 3'.
6. Scoring Jumpers: The following point system will be used in scoring. When a horse commits two or more faults at the same obstacle, only the major fault or only one in case of equal faults will count except when disobediences occur. Disobediences are accumulative and faulted in addition to other faults occurring at the same obstacle.

- a. Knock-down: When a horse attempts to jump an obstacle and knocks down the obstacle or any portion of it, standard, or wing with any portion of the horse, rider or equipment, *and lowers the height of the jump*, it is considered a knock-down (with exception listed in NOTE below)4 faults

NOTE: When a horse knocks down all or a portion of an obstacle while refusing, it is not to be faulted for a knock-down but should be given only the correct amount of faults for that refusal.

- b. Disobediences:

1. Refusal: When a horse stops in front of an obstacle (whether or not the obstacle is knocked down or altered), it is a refusal unless the horse then immediately jumps the obstacle without backing even one step; but if a horse takes even one step backwards it is a refusal.

-If horse is moved toward obstacle after a refusal without attempting to jump, it is considered another refusal.

-In the case of a refusal on an in-and-out jump, the horse must return to the start of the in-and-out sequence and re-jump the previous elements as well as jump the following elements.

*-If a jump is dislodged in a refusal, a whistle will be blown, and time will be stopped until the jump is repaired. When the jump has been repaired, a whistle will then be blown, and only then can the horse/rider attempt to jump it. If the rider jumps the jump before the whistle has been blown, the rider will be disqualified.*

2. Run-out: A run-out occurs when a horse evades or passes the obstacle to be jumped; jumps an obstacle outside its limiting markers; or when horse or rider knocks down a flag, standard, wing or other limiting the obstacle (without obstacle being jumped).
3. Loss of Forward Movement: Failure to maintain trot, canter or gallop after crossing starting line (except when it is a refusal, a run-out or when due to uncontrollable circumstances such as when an obstacle is being reset) is a disobedience.

4. Unnecessary Circling on Course: *After crossing the starting line and before crossing the finish line, any form of circles whereby the horse crosses its original track between two consecutive obstacles, or stops advancing toward or turns away from the next fence except to retake an obstacle after a disobedience, is considered a disobedience. This is a judgment call. (NOTE: Coming sideways or zigzagging toward an obstacle does not constitute a disobedience unless the horse passes or turns its back to the next obstacle or the finish line).*
5. First disobedience (anywhere on course) ..... 4 faults
6. Second disobedience (anywhere on course) ..... Elimination
- c. Fall of horse and/or rider ..... Elimination
- d. Failure to complete course, off course ..... Elimination
- e. Jumping obstacle before it is reset or without waiting for signal from the judge to proceed  
..... Elimination
- f. Starting before judge's audible signal to proceed, jumping obstacles before start or after crossing the finish line, whether forming part of course or not; jumping obstacle out of order; off course  
..... Elimination
- g. Failure to enter the ring within one minute after the judge's audible signal to proceed  
..... Elimination
- h. Failure to cross the starting line within *45 seconds* after judge's audible signal to proceed  
*A competitor will have 45 seconds from the time the judge sounds an audible signal to cross between the start markers in the proper direction and start on course. If a competitor does not cross through the start line within the allotted time, the time on course will start when the allotted time expires.*
- i. Jumping any obstacle before crossing starting line unless said obstacle is designated as a practice jump ..... Elimination
- j. *In the case of broken equipment or loss of shoe, rider may either continue without penalty or be eliminated. The judge may eliminate a rider if he/she feels that it is unsafe for the rider/horse to continue the course.*

**HUNTER HACK** (Considered Last Flat Class)

1. This class is designed for those Junior and Senior 4-Hers with beginning jumping experience and is open only to any Juniors and Seniors who are not entered in any of the other over the fence classes (i.e. working hunter, equitation over fences, open jumping). This class is not open to Cloverleaf 4-Hers.
2. Horses will be judged on performance, manners, pace, style of jumping, way of going and suitability.
3. Horses must be serviceably sound. Horses will be judged on performance before consideration for soundness.
4. Each horse will individually negotiate a course consisting of two cross rail jumps. Not to exceed 18 inches in height and placed a minimum of 60 feet apart.
5. Upon completion of the individual work, finalists (number at judge's discretion) will return to the rail. They will then be judged at a walk, trot, and canter both ways of the arena. The judge may also ask for a backup.
6. Three refusals during the course will result in elimination.
7. This class will count toward the High Point Awards and the Division Awards.

# CONTEST DIVISION

## GENERAL RULES

1. Contest classes will run in a preliminary format. The top 15 times in preliminary classes (stake race, cone weaving, pole bending, barrel racing, and arena race) will be invited back to run in the event finals. Final classes are run from slowest to fastest time. Times are cumulative of the preliminary and final classes to determine class placings.
2. Prior to the running of the contest division, the official will perform a tack, helmet and equipment check walk-through on all riders of the division. The tack check will be conducted between the final Contest Events workout period in **Perdue Arena** and the start of the division. Failure to participate in this check will forfeit a contestant's right to compete in the Contest Division.
3. Fall of rider or horse will be a disqualification.
4. All contest classes are timed classes. An electric timer, when accessible, will be the official time. **Failure of electric eye will result in rerun option determined by the rider.** Otherwise, at least two stopwatches shall be used, with the average time of the two stopwatches to be the official time. **The rider must choose between the two options before leaving the arena.**
5. If a rerun is declared for an exhibitor, the exhibitor will be given the option to run immediately or at the end of the class.
6. Assistance by Show Officials only is allowed to help load a horse through the gate into the chute. The contestant will have 60 seconds to enter the arena once the gate has been opened. If the contestant is unable to enter the arena with their horse within the 60 seconds (with or without assistance), they will receive a no time. Once the horse enters into the arena, the arena gate will be closed.
7. In all timed event classes, the horse/rider is allowed a running start. Timing shall begin as soon as the horse's nose reaches the starting line and will be stopped when the horse's nose passes over the finish line.
8. During timed events, horses will be stopped inside the chute. Gate will not be opened until horse is stopped, under control and the rider dismounts. Horses running into gate or arena fence shall draw a five second penalty.
9. No exhibitor may be tied, buckled, or fastened into the saddle by any means during the competition. This includes velcro, rubber bands, and all other means. This will be strictly enforced.
10. Any exhibitor that is found by the judge to be flagrant or purposeful in knocking over any part of the equipment used in a pattern, will be excused from the ring immediately and will be disqualified from any additional classes entered or qualified for. The Judge's decision is final. No refunds will be allowed, and no grievances will be accepted.
11. In the event of a tie in a timed class, the contestant declared the winner in the runoff must run the pattern within two seconds of his original time, or the runoff must be held again. (See page 13 of Official Show Rules, Section d, rule #9)
12. Excessive or abusive spurring, striking, beating or whipping anywhere on the horse may be grounds for disqualification if viewed as abusive by the judge. The judge's decision is final.

13. In the event of a grievance/protest, cell phone or video footage will not be accepted as evidence.
14. If running of a class is halted due to a grievance/protest, horses in the running pen will be released back to the warm-up pen and given a two-minute gate call before resuming the class.
15. For more information please visit: [www.aqha.com](http://www.aqha.com) and [www.nbha.com](http://www.nbha.com). Questions about patterns, tack, helmets, equipment or appointments are welcomed during the Orientation Meeting.

### APPOINTMENTS

1. **PERSONAL:** Clothing must be neat and clean. Riders should wear western attire consisting of long sleeved (sleeves to be unrolled and fastened at the wrist); button up shirts with a collar, that is tucked into jeans. **Jeans should not have holes. Capri jeans are not allowed.** Boots with heels are required. ASTM and SEI approved helmets are required for all contestants in the Contest Division. The approved helmets must have a permanent harness and chin strap. The helmet must be secured with the harness engaged and properly fastened the entire time a 4-H'er is on horseback Failure to adhere to this rule will disqualify the 4-H'er. Show management will not loan helmets.
2. **TACK:** Western type equipment must be used. Use of mechanical hackamore or other type bridles is optional; however, the judges may prohibit the use of bits or equipment that they may consider severe, dangerous or inhumane. Draw reins or running martingales are not permitted. Curb chains and tie downs are permissible in all classes, but must meet AQHA rulebook standards.

### BARREL RACING CONTEST

1. At a signal from the starter, the contestant will run to barrel number 1, pass to the left of it, and complete an approximately 360 degree turn around it; then go to barrel number 2, pass to the right of it, and complete a slightly more than 360 degree turn around it; then go to barrel number 3, pass to the right of it, and do another approximately 360 degree turn around it; then sprint to the finish line, passing between barrel number 1 and 2. This barrel course may also be run to the left. For example, the contestants will start to barrel number 2, turning to left around this barrel, then to barrel number 1, turning to the right, then to barrel number 3, turning again to the right, followed by the final sprint to the finish line.
2. Knocking over a barrel shall draw a five second penalty for each error made. A contestant may touch a barrel with his or her hand without penalty.
3. Failure to follow the pattern is a disqualification, including excessive turns.
4. The course may be set to fit the arena. The pattern should be set so that a horse may have ample room to turn and stop. All barrels will be a minimum of 18 feet from the arena wall. Barrels 1 and 2 must be at least 20 feet from the timers.
5. If the horse runs beyond the start-finish line any time during the pattern other than when starting or finishing, the horse will be called off pattern and receive no time.

Barrel Race Course (from the *Southern Regional 4-H Horse Championship Rule Book*)

## POLE BENDING CONTEST

1. The pole bending pattern is to be run around six poles. Each pole is to be at least 6 feet in height, twenty-one feet apart and the first pole is to be twenty-one feet from starting line.
2. A horse may start either to the right or the left of the first pole and then run the remainder of the pattern accordingly.
3. Knocking over a pole shall draw a five second penalty for each infraction. A contestant may touch a pole with his or her hand without penalty. Entries failing to follow the pattern will be disqualified.
4. If the horse runs beyond the start-finish line during any time during the pattern other than when starting or finishing, the horse will be called off pattern and receive no time.

2. The horse may go around the barrel either to the right or left and run back to the start-finish line.
3. Knocking over the barrel will be a disqualification and result in a no time. If the horse runs beyond the start-finish line before going around the barrel, a no time will result.

## STAKE RACE

1. Two poles are set 80 feet apart at opposite ends of the course with two markers designating the start-finish line 20 feet apart mid-way between the two end poles.
2. The contestant starts between the two center markers and runs a figure 8 around the two end poles. The first turn may be either left or right. Contestants may run straight through the start/finish line upon entry.
3. The contestant must start and finish between the center markers. Failing to do so is a disqualification. Knocking over any of the poles or markers is a disqualification. A contestant may touch the pole.
4. All horses must start from the same end of the arena.

## CONE WEAVING

1. The cone weaving pattern is to be run around five cones. Each cone will be placed 21 feet apart, with the first cone 21 feet from the timing line.

3. A five second penalty will be given for each cone knocked over or moved from its original placement.
4. The rider will receive a no time if the horse jumps any of the cones or fails to weave cones (or placement of base if cone is knocked away) appropriately (off course).

# SADDLE SEAT DIVISION

## Trotting (English) and Non-Trotting (English and Western attire) Sections

**NOTE: Horses may be flat shod or wear pads within the same class.  
No action devices are allowed on horses at the show grounds.**

### GENERAL AND APPOINTMENTS

1. All horses and ponies in this division should be of English saddle type, must show with full mane or tail, and must be serviceably sound. Roached manes are acceptable on an American Saddlebred but pulled manes typical for the stock horse breeds are not acceptable.
2. It is required that all youth in all divisions of Georgia 4-H horse shows wear equine approved protective headgear meeting accepted safety standards (ASTM/SEI). The student and parent/guardian are responsible for assuring that their head gear complies with safety standards. It is not the responsibility of the officials to check head gear. Protective head gear is appropriate for any class or division and will not be viewed as inappropriate attire or cause penalization in competition.
3. All tack, bits, equipment, shoeing regulations and attire that are accepted by USEF rules and/or the respective breed association will be permitted. Horses in English attire should be ridden in a cutback English saddle, not an English forward seat or dressage saddle. Trotting breeds should be ridden in a double bridle (no martingale) or a snaffle bridle, with or without a martingale. Non-trotting breeds should be ridden in a curb bit accepted by the breed or a snaffle bit in both English or Western riding styles. Cutback English or Western saddles are permitted in the non-trotting classes.
4. Attire for riders in saddle seat classes for trotting horses. Proper attire accepted by the respective breed associations are permitted. Riders using a cutback saddle must wear an ASTM approved helmet, jodhpur boots and jodhpur pants with underpasses below the pants with the following three options:
  1. a habit consisting of matching long coat and jodhpur pants, shirt, long men's tie (vest optional)
  2. a contrasting day coat with jodhpur pants, shirt and long men's tie (vest optional)
  3. correct academy dress with long sleeve shirt, long tie, vest, jodhpur pants and boots.

Gloves are optional but do provide a finished look for the rider. Hair should be secured in a bun beneath the helmet or other means to maintain a neat appearance.

Show coats should *extend well beyond fingertips when standing*, and jodhpur pants should be no more than one inch above heel when mounted.

**NOTE:** Equitation has a long standing tradition and rule in USEF requiring riders to wear conservative habits (typically gray, navy, black, or brown). It is always most appropriate to wear a habit in equitation but it is the judge's decision how to weigh rider skills and strict adherence to the traditional dress code if there is a mixture of attire. The judge's decision is final.

5. Attire for riders in the non-trotting classes. Appropriate attire for the breed or type of horse shown is expected and may be English or Western. English entries in a cutback saddle may choose options listed for riders on trotting horses above. For equitation riders in a cutback saddle, a habit (matching coat and jodhpur pants in conservative colors) is traditional *and optimum* but not an absolute requirement in this division. Exhibitors may show in attire appropriate for the other breeds (Paso Fino, Icelandic Horses, etc). Western entries must wear boots, long pants that cover the boot tops and chaps are optional. A long sleeve shirt or jacket is required and a scarf/tie of any type may be worn. Safety helmets will replace traditional English or Western hats.

### **SHOWMANSHIP IN-HAND: Cloverleaf, Junior, and Senior classes.**

*Trotting and Non-Trotting horses compete in the same class/age division*

Showmanship is a class that rewards excellence in grooming, presentation of the horse/pony for conformation evaluation, and the ability to complete a pattern of maneuvers. Youth should study a more detailed overview of the class described on pages 36-39 of this rule book. The specific pattern designed by the judge will be available at the horse show upon arrival but typically asks all exhibitors stand their horses squarely (parked out if breed standard), pivot to the right, and to move their horse into an intermediate gait such as the trot or running walk for a short distance. Orange cones are often used to mark transition points in the pattern so it is best for youth to acquaint their horses with these "foreign aliens" before the show! Practice makes perfect!

For exhibitors showing breeds that trot in showmanship:

1. Attire: For those exhibiting a trotting horse, the correct attire consists of jodhpurs or neat, dark slacks, long sleeved shirt, tie, and boots. Showing in a vest, show coat, or combination of coordinating vest and coat is acceptable. Derbies or other traditional hats are permitted when not mounted in the show ring. Exhibitors can carry a riding whip no more than 36" in length.
2. Appointments: Trotting horses normally are presented in a full bridle with the snaffle rein over the neck or the snaffle bit may be removed, leaving the curb rein for leading the horse. A clean English bridle with a pelham or snaffle bit, cavesson and brow band is acceptable. A clean, well-fitted leather halter or show halter with a chain common in the Arabian breed could be used and is most appropriate for a younger horse. Braiding ribbons in the forelock or mane is optional and respective of breed standards.

For exhibitors showing non-trotting breeds in showmanship:

1. Attire: Appropriate attire for the breed or type of horse shown is expected and may be English or Western. English entries can wear a derby, homberg, or a snap brim hat for young men while Western dressed entries may wear a Western hat (since this is not a mounted class). English entries should wear long sleeve shirts with a vest and/or show coat, jodhpur pants and boots (gloves optional). Exhibitors may show in attire appropriate for the other breeds (Paso Fino, Icelandic Horses, etc).
2. Appointment: A leather show halter with matching lead or bridle appropriate for the breed is correct for non-trotting horses. Exhibitors may carry a whip if it is no longer than 36 inches. Braiding ribbons in the mane or forelock is optional and respective of breed standards.

**CLOVERLEAF PERFORMANCE CLASSES** – Trotting and Non-Trotting horses show in the same equitation and pleasure classes until entry numbers warrant a separate division. Riders are more novice and are not asked to canter.

1. Cloverleaf Equitation – Trotting and Non-Trotting horses
  - a. Riders enter the ring at a walk, turning to the right, and proceed counterclockwise around the arena showing at the walk and trot or intermediate gait.
  - b. Entries will line up on command and not be expected to complete further tests.
2. Cloverleaf Pleasure - Trotting and Non-Trotting horses
  - a. Entries in this class shall be suitable for the beginning rider.
  - b. Class Routine. Entries will enter the ring at a walk, and are shown both ways of the ring at a walk and trot or appropriate gait.
  - c. Entries are judged on manners, suitability, and performance of the horse at the discretion of the judge. Conformation of the horse may be considered in situations only of extremely close performance.
  - d. Attire: habits or day coats are acceptable but academy attire without a coat is permissible.
  - e. Exhibitors may use a full bridle, Pelham, or single snaffle with a martingale or acceptable curb bits for the type of horse.

## **SADDLE SEAT – TROTTING PERFORMANCE CLASSES JR and SR**

### **TROTTING CLASSES** (For more information, please visit [www.usef.org](http://www.usef.org))

#### **A. EQUITATION** - Riders are offered two classes for each age division, a rail class and a pattern class.

##### 1. Classes 38, 40. Junior and Senior Equitation - No pattern required

Riders enter the ring at a trot, turning to the right, and proceed counterclockwise around the arena. Horses in Junior and Senior equitation are shown at a walk, trot and canter, and on command, will reverse and repeat the gaits. Entries will line up on command, and any or all riders in Junior and Senior equitation may be required to execute Tests 1, 5 or 8 in the lineup listed in section 4 below.

##### 2. Classes 42, 74. Junior and Senior Pattern Equitation – Pattern required

Riders will enter the ring one at a time to perform the pattern designed by the judge for this class. Depending on the pattern, the judge may allow all entries to stand in a lineup in the ring during the pattern work. The pattern will include elements from the list of testing options in section 4 below. *There is no rail work in this class!*

##### 3. Elements of Equitation position from USEF guidelines:

- a. The required Equitation Seat should in no way be exaggerated but be thoroughly efficient and most comfortable for riding the type of horse called for at any gait and for any length of time. In Saddle Seat Equitation classes, riders should convey the impression of effective and easy control. To show a horse well, he should show himself to the best advantage. Ring generalship must be taken into consideration by the judges. A complete picture of the whole is of major importance.
- b. Hands. The hands should be held in an easy position; waist or elbow height, over pommel, with palms in line with the wrist, slightly turned toward body, wrist rounded slightly. The hands should be in unison with the horse's mouth, showing adaptability as well as control. How and where the horse carries his head determines the height the hands are held above the horse's withers. Hands and wrists should be flexible and not held extremely separated. (From the rider's view, the hands should be in a V shape). The fingers should be closed over reins, firm but not rigid. Pressure between thumb and index fingers to secure. Closed reins shall be used, with both hands on the reins, with one or two fingers between the reins. The bight of the rein should be on the off side.
- c. Basic Position: To obtain proper position, rider should place himself comfortably in the saddle and find his center of gravity by sitting with a slight bend at the knees but without use of the irons. While in this position adjust leather to fit at or just below the ankle. Irons should be placed under the ball of foot with even pressure on entire width of sole and center of iron. Foot position should be natural (neither extremely in nor out).
- d. Position in Motion:
  - Walk: Slight motion in saddle
  - Trot: Slight elevation in saddle posting; hips under body not mechanical up-and-down nor swinging forward and backward.
  - Canter: Close seat, going with horse.

##### 4. Tests from which judges may choose

1. Address the reins (only in line up).
2. Circle at a trot.
3. Performance on rail.
4. Performance around ring.
5. Feet disengaged from stirrups. Feet engaged. Conducted in the line-up only.
6. Change of diagonals down center of ring or on the rail.
7. Execute serpentine at a trot. A series of left and right half circles off center of imaginary line where correct diagonal must be shown.

8. Back for not more than eight steps.
9. Figure eight at trot demonstrating change of diagonals. Unless specified, it may be started either facing the center or away from the center. If started facing the center, it must be commenced from a halt.
10. Execute serpentine at a canter on correct lead demonstrating a simple change of lead. This is a change whereby the horse is brought back into a halt/walk and restarted into the canter on the opposite lead.
11. Circle at the canter on the correct lead.
12. Figure eight at canter on a correct lead demonstrating a simple change of lead. Figures are commenced in center of two circles so that one lead change is shown.
13. Change leads down center of ring or on the rail demonstrating simple changes of lead. The judge must specify exact lead changes to be executed and the beginning lead.
14. Ride without stirrups for a brief period of time, no more than one minute at the trotting phase. Rider may be asked to engage stirrups at a halt or walk.
15. Demonstration ride of approximately one minute on own mount. Movements must be selected from tests 1-14 above. Rider must advise judge beforehand what ride he plans to demonstrate. Riders must have with them two copies (one for judge and one for announcer) of a written one-minute workout in case the judge asks for this test. The test must be stopped at the end of one minute but the rider will not be penalized for not completing it.

## **B. Performance Trotting Classes**

1. General.
  - a. Trotting Breeds may show in only one of the following classes unless the horse is shared by two sibling exhibitors of different ages to meet different class requirements.
  - b. It is imperative that pleasure horses give the distinct appearance of being a pleasure to ride. Judges must penalize any horse with laboring action. Pulling, head tossing, going sideways, and switching tail to be penalized. Manners and suitability as a pleasure mount are paramount. Light contact with horse's mouth must be maintained. All gaits must be performed with willingness and obvious ease, cadence, balance and smoothness.
  - c. Shoeing: horses may be padded or flat shod.
  - d. Class routine. Entries will enter the ring at a trot, turning to the right, and proceed counter-clockwise. Horses are shown at a walk, trot, and canter, and on command will reverse and repeat. Entries will line up on command. All pleasure horses and ponies, except Cloverleaf entries, may be asked to back.
2. **Junior & Senior English Pleasure**
  - a. Horses and ponies should be of saddle type, suitable to rider, serviceably sound and a pleasure to ride. Entry must be shown with a full mane and tail (roached mane acceptable for Saddlebreds). Stock horses with pulled manes are not permitted in this class unless the breed offers saddle seat classes at the national show for that breed.
  - b. Shoeing. Horses may be padded or flat shod. Shoeing must conform with breed regulation. Maximum length of shoe, pad and hoof is 5 1/4" for Morgan's, and 4 1/2" for Arabians.
  - c. Class Routine. Horses and ponies are shown at a flat walk, trot, extended trot and canter both ways on the ring. Horses will also be asked to halt and stand quietly on the rail. Horses may be asked to back in the lineup.
  - d. Manners and suitability as pleasure mount are paramount. Transitions from one gait to another should be smooth and effortless. Judging criteria are manners, performance, presence, quality, conformation, and neatness of attire.
  - e. Bridle may be full bridle, Pelham or snaffle (with or without martingale on snaffle bridle).
  - f. If there are 2 or less entries in either the Junior or Senior English Pleasure Class, the show management reserves the right to combine the Junior and Senior English Pleasure classes into one "English Pleasure" class.

## **NON-TROTTING Horse Section**

Gaited horses of many different breeds such as Tennessee Walking Horses, Racking Horses, Spotted Saddle Horses, Paso Fino, Icelandic Horses, etc. are typically shown in the non-trotting horse classes. Exhibitors should adhere to the standards of their breed for attire; thus, there can be quite a bit of variation in the classes. Mixing of styles in an exhibitor's attire between English and Western is not permitted. All exhibitors must wear an ASTM approved helmet when mounted at any time while on the show grounds. Horses may be padded or flat shod but shoeing regulations are outlined in Section B 1c below. Severe bits will be penalized. Shanks over 9½ inches and gag bits without shanks are prohibited. Hackamores, martingales and tie downs are prohibited.

A. **EQUITATION** – Riders are offered two classes for each age division, a rail class and a pattern class.

**1. Classes 39, 41. Junior and Senior Equitation – no pattern required. Two gaits required, NO canter.**

Class routine: Riders enter the arena at a flat walk/show pleasure walk in the counterclockwise direction. Riders will be asked to show at an intermediate gait (running walk for TN Walking Horses, slow rack for racking horses, etc). After reversing, exhibitors will perform the two gaits again. In the lineup, the judge may request riders to address their reins or back their horse as an additional test (cloverleaf youth will not do additional tests).

**2. Classes 43, 45. Junior and Senior Pattern Equitation – pattern required. Two gaits required, NO canter.**

Class Routine: Riders shall enter the arena one at a time to perform the pattern provided at the show. Optional elements of the pattern are listed in Section 6 below. There will be no rail work and the judge will place the class based on the ability of the youth to perform the pattern accurately while maintaining excellent position outlined below.

**3. Attire for equitation.** USEF requires the traditional habits (matching show coat and jodhpur pants in conservative colors) for saddle seat equitation riders on a Tennessee Walking horse. While the judge may give preference for the traditional dress, day coats are permitted in equitation as is western attire if the horse is ridden in western tack. Icelandic Horses and Paso Fino horses have their own standards which are permissible.

**4. Appointments**

a. All tack, bits, equipment and attire that are accepted in the respective Breed Associations will be permitted.

b. **Miscellaneous:** Spurs of the unrowelled type, or rowelled English spurs are optional, according to discipline. Riding whips are optional, according to English discipline. Whips are not permitted in the Western discipline.

## 5. Position for Equitation

a. Riders seat should be a natural, coordinated and comfortable riding position, and should in no way be rigid or exaggerated.

Rider should convey the impression of effective and easy control, with the general appearance of being able to ride for a considerable length of time with pleasure. Ring generalship shall be taken into consideration by the judge. The appearance, presentation and alertness of the rider and his/her mount make the overall picture of utmost importance.

b. Hands. The hands for English riding, or one hand for those exhibiting in Western attire, should be held in an easy position; waist or elbow height, over pommel, with palms in line with the wrist, slightly turned toward body, wrist rounded slightly. The hand(s) should be in unison with the horse's mouth, showing adaptability as well as control. How and where the horse carries his head determines the height the hand(s) are held above the horse's withers. Hands and wrists should be flexible and not held extremely separated. (From the rider's view, for English riding, the hands should be in a V shape, close enough for thumbs to touch.) The fingers should be closed over reins, firm but not rigid. Pressure between thumb and index fingers to secure. Closed (or crossed) reins shall be used for English riding, with both hands on the reins, and the bight of the rein should be on the off side. For those exhibiting in Western attire: Only one hand should be used to rein the horse, unless exhibiting a horse aged 4 or under with a snaffle bit.

Upper arms should fall naturally from the shoulder toward the hip bones and should be flexible, never clutched to the body, extended forward or spread away from the body. Hands should be in a comfortable waist-level position, depending on how and where the horse carries its head. The use of the hands should be smooth and gradual without jerking or pumping at any of the gaits, or jerks on the reins parked.

c. Basic Position. To obtain proper position, rider should sit comfortably in the middle of the saddle and find his/her center of gravity by sitting with a slight bend at the knees without use of the stirrups. While in this position, have stirrup leathers adjusted to fit so that irons will be under ball of foot with even pressure on entire width of sole and center of iron.

The foot position will be natural and comfortable if the knee and thigh are rolled inward and the heel is slightly lower than the toes. From the front or rear view, the lower leg will be held naturally away from the horse, depending on the anatomy of the rider and the size of the horse. Knee should rest against saddle.

d. Position in Motion. The position in motion should be natural, coordinated and graceful, attained only with practice. From the side view a straight line can be drawn perpendicular to the ground through the rider's head, neck, shoulder, hip and ankle. The rider's toe should never be any more forward than his knee, thereby keeping his/her center of balance directly above his/her feet and ankles. This basic recommended position should be maintained at all gaits.

## 6. Tests from which judges may choose:

1. Address Reins
2. Backing: Must be required as a check on hands, arms, thighs, knees and lower legs, feet and voice commands.
3. Dismount and mount: To be done quietly and gracefully as possible. To mount, take up reins in left hand place hand on withers, grasp stirrup leather with right hand insert left foot into stirrup and mount. To dismount, rider may either step down or slide down.
4. Group Performance Around Ring: To check on maneuverability, ring generalship, etiquette and sportsmanship.
5. Individual performance on rail; any or all gaits and test may be required. See rider in motion from both front and rear at all gaits.
6. Ride Without Stirrups: Any or all gaits may be requested.
7. Perform a Figure Eight of variable size and speed circles.

**B. Non Trotting Performance Classes** – All horses will go through a DQP inspection before the division starts. Time and location will be announced.

1. General.

a. Non-Trotting breeds may show in only one of the following classes, either Plantation Pleasure or Pleasure Racking.

b. It is imperative that non-trotting horses give the distinct appearance of being a pleasure to ride. Easy ground covering action is desired. Judges must penalize any horse with laboring action. Pulling, head tossing, going sideways and switching tail to be penalized. Manners and suitability as a pleasure mount are paramount. Light contact with horse's mouth must be maintained. All gaits must be performed with willingness and obvious ease, cadence, balance and smoothness.

c. Horses may be padded or flat shod. Padded Walking Horses and Racking Horses must be shown in accordance with their respective shoeing regulations. Metal hoof bands are permitted as long as they are placed at least 1/2 inch below the coronary band. EXCEPTION: Hoof bands are not allowed on life shod horses. Pleasure shoe size must not exceed 1 1/2 inches in width nor 1/2 inch in thickness." No action devices are allowed in the show ring or on the show grounds.

d. Class Routine. Entries will enter the ring, turning to the right, and proceed counter-clockwise. The class proceeds at least once around the ring at each gait, and on command, will reverse and repeat. Entries will line up on command. Horses may be required to back.

2. Plantation Pleasure. (Jr. and Sr. combined).

a. The Plantation Horse is an easy gaited pleasure horse. Horse or pony should be suitable to rider, serviceably sound, and a pleasure to ride.

b. Class Routine. Horses and ponies shall enter the ring at a flat walk and will be shown at the flat walk and plantation gait both ways of the ring.

Flat Walk: True, square and flat with a cadenced motion

Plantation Gait: An easy, ground covering gait (running walk, fox trot, stepping pace). It should be smooth, cadenced, consistent, and a four beat gait. Extreme speed, action and pacing will be penalized.

NOTE: Canter requirement has been removed. This is a 2 gait class starting in 2018.

c. Horses are to be shown with a light rein at all gaits. Bumping and pumping of the reins must be penalized.

d. Attire. Informal saddle suits or contrasting coats are acceptable for exhibitors in cutback saddles. ASTM helmets are required. Western attire with helmet, collared, long sleeve shirt, long pants, and western boots are required when riding in western tack. Breed specific attire also permitted.

e. Appointments. Bridle: Curb of the type commonly used by Walking Horses with a single pair of reins, cavesson and brow band. A gag bit or mechanical hackamore is prohibited. If Western, standard western curb with curb strap or chain are required.

3. Racking Pleasure. (Jr. and Sr. combined)

a. Horses must be of the racking horse type. Horse or pony should be suitable to rider, serviceably sound and a pleasure to ride.

b. Class routine. Horses will enter the ring at a slow rack and will be shown at a walk, slow rack and fast rack both ways of the ring.

Show Pleasure Walk: A smooth, collected, slow and easy gait. A distinctive four-beat gait displaying both style and grace.

Slow Rack: A slow, high, animated 4 beat gait performed with ease and grace.

Fast Rack: A flashy, faster, evenly timed gait characterized by considerable knee action and speed. Speed will be credited only when form and trueness of gait are not sacrificed.

c. Horses are to be shown with a light contact at all gaits. Bumping and pumping of the reins must be penalized.

d. Attire. Informal saddle suits in conservative colors or contrasting day coats are correct for the racking class. ASTM helmets are required. Western attire is permitted if Western tack is used on the horse.

e. Appointments. Bridle curb of the type commonly used by Walking horses with a single pair of reins, cavesson and brow band. A gag bit or mechanical hackamore is prohibited.

### **APPOINTMENTS**

- A. **PERSONAL:** Clothing must be clean and neat. Riders shall wear western boots. Shirts with a collar and long sleeves are required. Spurs, chaps, or similar equipment are optional.

It is required that all students in all divisions of Georgia 4-H horse shows wear equine approved protective headgear meeting accepted safety standards (ASTM/SEI). The student and parent/guardian are responsible for assuring that their head gear complies with safety standards. It is not the responsibility of the officials to check head gear. Protective head gear is appropriate for any class or division and will not be viewed as inappropriate attire or cause penalization in competition.

- B. **TACK:** Horse shall be shown with a stock saddle, but silver tack equipment will not count over a good-working outfit. A snaffle, curb, half-breed or spade bit is permissible; but a martingale, tie-down or nose band is prohibited. Nosebands and tie-downs are permitted in roping events; however, these cannot have any bare metal in contact with the horse's head. No wire curbs, regardless of how taped, nor chin strap narrower than one-half inch will be permitted. Chain curbs are permissible but must be of the standard flat variety with no twist, and must meet the approval of the judge. A hackamore or snaffle bit may only be used on junior horses (5 years or younger). In Ranch Sorting, a snaffle bit or hackamore may be used no matter the age of the horse and may be ridden two handed. "Hackamore" means that a horse will be ridden ONLY with a rawhide braided or leather braided or rope bosal. Absolutely no iron will be permitted under the jaws, regardless of how padded or taped. Mechanical hackamores are prohibited except in the roping classes.

Closed reins are not allowed, with the exception of romal reins in Ranch Pleasure, Ranch Trail, Reining and Working Cow Horse. Roping reins may be used in Ranch Roping, Ranch Sorting and Ranch Trail. Romal means an extension of braided or round material attached to closed reins. This extension shall be carried in the free hand with a 16-inch (40 cm) spacing between the reining hand and the free hand holding the romal. When using romal reins, the rider's hand shall be around the reins with the wrists kept straight and relaxed, the thumb on top and the fingers closed lightly around the reins. When using a romal, no fingers between the reins are allowed. The free hand may not be used to adjust the rider's length of rein in any reining class. During reining, the use of the free hand while holding the romal to alter the tension or length of the reins from the bridle to the reining hand is considered to be the use of two hands and a score of 0 will be applied, with the exception of any place a horse is allowed to be completely stopped during a pattern. In all other classes, including the reined portion of working cow horse, the free hand may be used to adjust the rider's length of rein. The romal shall not be used forward of the cinch or to signal or cue the horse in any way. Any infraction of this rule shall be penalized severely by the judge.

- C. Protective boots and bandages are permitted in reining, working cow horse, roping and ranch sorting.
- D. No braided or banded manes or tail extensions. No hoof polish. Trimming inside ears is discouraged. Trimming bridle path is allowed, as is trimming fetlocks or excessive (long) facial hair.
- E. More information and patterns are available by visiting: [www.aqha.com](http://www.aqha.com).

### **RANCH GROUND HANDLING– CLOVERLEAF, JUNIOR AND SENIOR**

- A. This class tests the handler's ability to communicate with the horse from the ground by judging a series of maneuvers that require the horse to yield to pressure – forward, backward, and laterally. Maneuvers are selected to be realistic in their application to everyday training. Exhibitor movements should be workmanlike and efficient and the horse should be obedient and cooperative. Evaluating safe and effective ground handling will take priority to the quality of attire or tack.
- B. Each exhibitor will perform a pattern that will consist of no less than seven (7) of the maneuvers listed below. Exhibitors may be asked to work from both the left and right side of the horse during any of the listed maneuvers (switching hands on the lead is permitted).
  1. Square horse for inspection; judge will only walk in front of the horse.
  2. Lead the horse at a walk, jog/trot (or favorite gait for gaited horses only), or back in a straight or curved\* line, or a combination of straight and curved\* lines.
  3. Extension of walk or trot.
  4. Stop
  5. Answer questions from the judge
  6. Pivots, moving the forehand up to 270°
  7. Move the hindquarters, up to 270° (turn on forehand)
  8. Step away from the horse to the end of the lead while horse remains still
  9. Lower the horse's head (pulling down on the lead or pressure on the poll)
  10. Demonstrate a sidepass
  11. Back the horse while handler remains stationary
  12. Send horse in a circle (either direction), around a marker, or over a pole.

(\*Curve = any non-straight line including, but not limited to: any change of direction from gradual turns to distinct turns, circles or portions of circles, or multiple curves to create a shape.)
- C. Poles, barrels, and cones may be used as markers to define maneuver locations and/or parameters. However, the pattern should not take on the appearance of an "In-hand Trail" class. Hitting/touching/moving these objects will not be scored as penalties, but taken into account when scoring the handler's abilities.
- D. Exhibitors may be asked to work from both the left and right side of the horse during any of the listed maneuvers (switching hands on the lead is permitted). Exhibitors may touch the horse to initiate any lateral movement and when asked to lower the horse's head. The judge will recognize added degree of difficulty of not touching the horse and this will be reflected in the maneuver score.
- E. Scoring will be on the basis of 0 to 100 with 70 denoting an average performance. Judges will assess each maneuver on a scale from -1 ½ to +1 ½ with ½ point increments in between. In addition to the maneuver score, exhibitors can incur penalty points as listed below.

## F. Penalties

1. One-half (½) point
  1. Break of gait (walk or trot) up to 1 full stride
2. One (1) point
  1. Touching horse other than when allowed. It is acceptable to touch the horse to sidepass, move the hindquarters, and lower the head.
3. Two (2) points
  1. Freeze up: complete loss of forward, backward or lateral movement within a maneuver
  2. Break of gait (walk or trot) for more than 1 full stride
  3. Use of hand on halter in any manner
  - Touching horse with lead (first offense)
  4. Incorrect or incomplete answer to the judge's question
  5. Artificial or overdone showing
4. Five (5) points
  1. Inappropriate Body condition score: Clearly below a 4 or clearly above a 7
  2. Balking, continued spooking, kicking, biting, rearing, striking
  3. Failure to complete a maneuver
  4. Leaving out a maneuver
  5. Touching horse with end of lead (second offense)
5. Zero (0) score
  1. Consistent Lameness
  2. Illegal attire
  3. Illegal tack
  4. Abuse

### **RANCH PLEASURE – CLOVERLEAF, JUNIOR AND SENIOR**

- A. The purpose of Ranch Horse Pleasure horse should reflect the versatility, attitude, and movement of a working horse.
- B. The horse's performance should simulate a horse riding outside the confines of an arena and that of a working ranch horse. This class should show the horse's ability to work at a forward, working speed while under control by the rider. Light contact should be rewarded and horse does not have to be shown on a full drape of reins. The overall manners and responsiveness of the horse while performing the maneuver requirements, and the horse's quality of movement are the primary considerations. ***Cloverleaf youth show at walk and jog only.***
- C. Gaits
  1. The walk is a natural, flat-footed, four-beat gait. The horse must move straight and true at the walk. The walk must be alert, with a stride of reasonable length in keeping with the size of the horse.
  2. The jog is a smooth, ground-covering two-beat diagonal gait. The horse works from one pair of diagonals to the other pair. The jog should be square, balanced and with straight, forward movement of the feet. Horses walking with their back feet and trotting in the front are not considered performing the required gait. When asked to extend the jog, it moves out with the same smooth way of going.
  3. The lope is an easy, rhythmical three-beat gait. Horses moving to the left should lope on the left lead. Horses moving to the right should lope on the right lead. Horses traveling at a four-beat gait are not considered to be performing at a proper lope. The horse should lope with a natural stride and appear relaxed and smooth. It should be ridden at a speed that is a natural way of going. The head should be carried at an angle which is natural and suitable to the horse's conformation at all gaits.

#### D. Requirements

1. Each horse will work individually, performing both required and optional maneuvers, and scored on the basis of 0 to 100, with 70 denoting an average performance.
2. The required maneuvers will include the walk, jog, and lope both directions: and the extended jog and lope at least one direction; as well as stops, turn to change directions, and back.
3. Three optional maneuvers may include a side pass, turns of 360 or more, change of lead (simple or flying), walk, jog, or lope over a pole(s); or some reasonable combination of maneuvers that would be reasonable for a ranch horse to perform.
4. The maneuvers may be arranged in various combinations with final approval by the judge.
5. The overall cadence and performance of the gaits should be as those described above, with an emphasis on forward movement, free-flowing, and ground covering for all gaits. Transitions should be performed where designated, with smoothness and responsiveness.
6. No time limit.
7. One of the suggested 4 patterns may be used, however a judge may utilize a different pattern as long as all required maneuvers are included plus 3 or more optional maneuvers are included.
8. Failure to perform a required maneuver will result in a horse placing below all other horses that perform all maneuvers.

#### **RANCH REINING – Refer to AQHA Handbook for more details and patterns**

- A. Each contestant will perform the required pattern individually and separately. All horses will be judged immediately upon entering the arena and judging will cease after the last maneuver. Any fault incurred prior to the commencement of a pattern will be scored accordingly.
- B. To rein a horse is not only to guide him, but also to control his every movement. The best reined horse should be willfully guided or controlled with little or no apparent resistance and dictated to completely. Any movement on his own must be considered a lack of control. All deviations from the exact written pattern must be considered a lack of or temporary loss of control, and therefore faulted according to severity of deviation. Credit will be given for smoothness, finesse, attitude, quickness and authority in performing the various maneuvers while using controlled speed. The horse/rider team's overall performance should be credited for smoothness, finesse, attitude, quickness and authority of performing various maneuvers while using controlled speed which raises the degree of difficulty and makes the horse/rider team more exciting and pleasing to watch.
- C. Scoring will be on the basis of 0-Infinity, with 70 denoting an average performance. The judge has the discretion to excuse any participant that has not completed the reining pattern in an appropriate time.

#### D. Penalties:

**One-half (1/2) penalties:** Start the circle or exiting a rollback at a jog for up to two strides; delayed change of lead by one stride where the lead change is required by the pattern description; failure to remain a minimum of twenty feet from the wall or fence when approaching a stop and/or rollback; over spin or under spin up to 1/8 turn

**1 point penalties:** Overbridled (per maneuver); out of frame (per maneuver); out of lead in the circles, figure eights or around the end of the arena (this penalty is cumulative and will be deducted for each quarter of a circle the horse is out of lead); over or under spinning 1/8 to 1/4 turn; slipping rein

**2 point penalties:** Break of gait; freeze up in spins or rollbacks; failure to stop or walk before executing a lope departure on trot-in patterns; failure to be in a lope prior to the first marker **on run-in patterns**; failure to completely pass the specified marker before initiating a stop position; trotting beyond two strides but less than 1/2 circle or 1/2 length of the arena

**5 point penalties:** Spurring in front of cinch; **Blatant disobedience; use of either hand to instill fear or praise**

**10-point penalty:** Unnatural ranch horse appearance (horse's tail is obvious and consistently carried in an unnatural manner in every maneuver).

**Off Pattern (OP):** *Breaking pattern; inclusion of maneuver (e.g. over or under-spinning, backing more than two (2) strides, etc.); trotting in excess of 1/2 circle or 1/2 length of the arena; repeated blatant disobedience; use of two hands (except junior and level 1 horses shown in a snaffle bit/hackamore), more than one finger between split reins or any fingers between romal reins (except in the two-rein). Exhibitors cannot place above others who complete the pattern correctly.*

**Disqualification:** Lameness; abuse; illegal equipment; disrespect or misconduct; *leaving working area before pattern is complete*; improper western attire; fall of horse/rider.

### **WORKING COW HORSE-BOXING ONLY**

- A. Both the cow work portion of this event and the reined work portion are mandatory. Scoring emphasis on the cow work portion shall be based on the horse maintaining control of the cow at all times, exhibiting superior cow sense and natural cow working ability without excessive reining or spurring. Failure of an exhibitor to attempt to complete the cow work portion of the class, as well as the reined work, will result in the exhibitor not being considered an entry in the class. A horse which attempts to complete the cow work and has not been disqualified will be scored accordingly to the judges. A horse going off pattern in the reined work will receive a score of zero. A horse which attempts both the reined work and the cow work portion may be placed, even if disqualified in one portion of the class. (Example: if a horse is disqualified and receives a 0 score for the reined work, but scores a 70 for the cow work, its total score would be a 70 and the horse would be eligible for placing.) However, the fall of a horse and rider being judged shall be cause for disqualification and not eligible to be placed.
- B. The approved pattern will be used and each contestant will cause his horse to travel at the gait indicated for each part of the pattern. When judging reined work, the judge should refer to the reining portion of the handbook for guidelines.
- C. In approved working cow horse classes, any of the approved AQHA working cow horse patterns may be used. One of those patterns is to be selected by the judge of the class and used by all contestants in the class.
- D. For an ideal cow work, each contestant, upon receiving a cow in the arena, shall hold the cow on the prescribed end of the arena for sufficient time to demonstrate the ability of the horse to contain the cow on that end.
- E. The judge should take into consideration the size of the arena, condition of ground and the disposition and degree of difficulty exhibited by the cattle worked.
- F. At the discretion of the judge, cow work may be done immediately following each individual's pattern work or immediately after completion of pattern work by all horses being exhibited.
- G. Horse should keep working until judge blows whistle. If exhibitor quits working before the judge blows the whistle a score of 0 will be given.
- H. The contestant's horse shall be penalized for general bad manners such as:
- 5 Point Penalties**
    - Deliberate spurring or use of the romal forward of the cinch
    - Not getting one turn each way
  - 3 Point Penalties**
    - Biting or striking the cow
    - Knocking down the cow without having a working advantage
    - Hanging up on the fence (refusing to turn)
  - 2 Point Penalties**
    - Going past the corner of the arena before turning the cow when going down the fence

### **1 Point Penalties**

- Loss of working advantage
- Using the corner or the end of the arena to turn the cow when going down the fence
- Horses that run past the cow shall be penalized 1 point for every horse's length past the cow; when the horse's buttocks pass the cow's head by one horse's length, he is one length past
- Each time the arena is crossed to use the opposite fence to achieve a turn
- Slipping a rein
- Failure to pass middle marker on first turn before turning cow

### **0 Score**

- Turn tail
  - Fingers between the reins
  - Leaving the work area before the pattern or work is complete
  - (a) Any horse that is out of control while working the cow, thus endangering the rider (i.e. crossing the path of the cow) shall be called off the cow.
  - (b) Any horse that runs over the cow, thus causing the fall of horse and/or rider, shall terminate the work at that time.
  - During the cow work, use of two hands on the reins, except with junior horses ridden two-handed in a bosal or snaffle bit
  - The judge may blow his whistle at any time to terminate the work
  - A score of zero will be charged if the work is not complete at that point
- I. If time and number of cattle permit, the judge may, at his discretion, award new cattle, to enable the contestant to show his horse's ability on the cow, based on the following criteria:
- (1) The cow won't or can't run;
  - (2) The cow won't leave the end of the arena;
  - (3) The cow is blind or won't yield to the horse;
  - (4) The cow leaves the arena.
- J. Scoring will be on the basis of 0 to 100, with 70 denoting an average performance. The same basis of scoring shall apply to both the reined work and cow work. In the event of a tie, the entry with the highest cow work will be declared the winner.
- K. The following characteristics of the horse are considered faults:
- (1) Exaggerated opening of mouth;
  - (2) Hard or heavy mouth;
  - (3) Nervous throwing of head;
  - (4) Lugging on bridle;
  - (5) Halting or hesitation while being shown, particularly when being run out, indicating anticipation of being set up;
  - (6) Losing a cow or being unable to finish a pattern because of a bad cow, the contestant should be penalized at the judge's discretion;
  - (7) Touching the horse or saddle with the free hand except during the cow work portion of the class, where the rider may hold onto the horn.
- L. The characteristics of a good working cow horse are:
- (1) Good manners;
  - (2) Shifty, smooth and having its feet under it at all times; when stopping, hind feet should be well under it;
  - (3) A soft mouth and should respond to a light rein, especially when turning;
  - (4) Head should be maintained in its natural position;
  - (5) Work at reasonable speed and still be under control of the rider.
- M. The judge may request additional work at his/her option.

## **RANCH ROPING**

The idea of this class is to show the ability of the horse and rider's skill in handling cattle as if they were doctoring injured or sick cattle. Cattle should be handled as calmly and slowly as possible. The judge should judge this class as if the cattle belonged to him or her. Entry does not have to separate the cow from herd and should not receive credit for separation from herd. If the cow is separated from the herd, there should be no excessive running or cutting of the cow.

- A. This is a judged event with a 2-minute time limit. There shall be a 30 second warning given prior to the end of the run. The rope must be thrown and the contestant may rebuild and throw an unlimited number of loops. No credit will be given for additional loops after a successful catch of any part of the animal. The honda on the rope used must be of a breakaway design. Ropes may not be tied hard and fast to the saddle horn.
- B. The arena for this event will be shortened with the addition of portable panels. The exhibition area should be normal width of the arena (usually 100 to 150') by 60' 45' – 75'. Horse and rider must start from an entrance gate which will be opposite from where ten (10) calves/yearlings are held as a herd with each bearing a number 0 – 9. A random draw will be used to select the calf to be roped, which will be announced to the contestant when the horse enters the arena gate.
- C. The show committee will provide at least one herd holder. The sole duty of the herd holders is to settle the cattle between runs.
- D. The contestant must make a legal catch (both horns, half head or around the neck) of the designated calf and dally up. When the calf breaks free from the honda, the Flag Judge will signal the end of the run.
- E. Scoring will be on the basis of 0 to 100, with 70 denoting an average performance.
- F. Each maneuver will be scored from a plus three to minus three in ½ point increments.
  - 1. Ability to sort
  - 2. Rating
  - 3. Stopping
  - 4. Ability to rope out of the herd without disturbing other cattle
  - 5. Dallying
- G. Penalties
  - 1. Ten (10) point penalty**
    - (1) Roping any portion of the cow other than the head/neck
  - 2. Five (5) point penalty**
    - (1) Multiple loop run (penalty may be assessed for each rebuild with a maximum of 15 points taken)
    - (2) Loss of cow (re-cut in the herd)
    - (3) Excessive running/scattering of the herd
    - (4) Blatant disobedience including kicking, biting, rearing or striking
  - 3. Three (3) point penalty**
    - (1) Holding cut too long without roping
  - 4. One (1) point penalty**
    - (1) Loss of working advantage
  - 5. Zero (0) score / DQ**
    - (1) Running into or over cattle
    - (2) Schooling
    - (3) Whipping or hitting horse with rope
    - (4) Thrown from horse
    - (5) Fall to ground
    - (6) Loss of rope

- (7) Bucking
- (8) Roping wrong cow
- (9) Roping more than 1 cow with the same loop

### **RANCH SORTING**

Ranch sorting is a timed event class consisting of two riders with the objective of sorting ten head of cattle from one pen into another in a designated sequence. The team that sorts the most cattle in the correct order with the fastest time will be declared the winner. Points will be awarded based on the number of teams entered.

Teams may enter either a Junior or Senior Ranch Sorting Team. A composite team (different counties represented are acceptable) is eligible to compete, but must be either junior or senior. There will be no mixed teams. Contestants are limited to entering and participating on one team. Each contestant is responsible for entering and paying his/her share of the entry fee and indicating in the notes section who his/her team member is. A cattle fee will be charged per exhibitor. Entries must list the name and county of each team member; if all contestants' information is not listed online at the time of entry, the entry will not be accepted. Any substitutions at the show will be subject to a \$25 cash fee (see rule #25, page 13).

- A. The basic concept of ranch sorting is that there are ten numbered cattle, 0-9, and two unnumbered cattle for a total 12 head at the beginning of a run behind a foul line in an arena with two people mounted on the other side of the foul line.
- B. Ranch sorting will take place between two pens of approximately equal size. Recommended sorting area to be 50' - 60' in diameter with no 90 degree corners, i.e. 60' round pen or octagonal "stop sign" design.
- C. The start foul line will be recommended as a 12' - 16' opening between the two pens.
- D. Each team will be given two minutes; a one-minute warning will be issued by the announcer/timer. The official time of each run is determined by the amount of time used until all 10 cattle are sorted or the time limit has expired. Time will continue until all cattle are sorted in the correct order or the time limit is reached, either of which becomes the official time for that team.
- E. A lap timer is to be used in all sorting classes to break ties where the cattle count is equal in runs of less than 10 cattle sorted. The stop watch used for lap time purposes will also be the back-up timer in the event of a malfunction of the official timer. As each numbered cow crosses the start/foul line, cumulative time will be notated (for instance, first cow crosses at the :30 mark, second cow crosses at the :42 second mark), continuing until all 10 cattle have crossed, or the two-minute time limit has expired, whichever comes first. At the end of the two-minute limit, if more than one team has sorted an equal number of cattle, less than 10, cumulative times on the final cow will be used to break the tie. For instance, if Team 1 and Team 2 each have a cattle count of 8, but Team 1's final cow crossed the start/foul line at 1:47 seconds, and Team 2's final cow crossed the start/foul line at 1:52 seconds, Team 1 will be declared the winner.
- F. There will be a minimum of one judge for sorting, to be positioned evenly with the foul line.
- G. All cattle will be bunched on the cattle side of the gate within the designated area before the time begins. At the conclusion of each run, the judge will designate the need to bunch cattle.
- H. The judge will raise the flag to signal when the arena is ready. The flag will drop when the nose of the first horse crosses the start/foul line and the announcer will provide the number to be sorted first. The riders will be given their number instantly. Any delay in crossing the foul line may result in a "no-time" for the team. With particular interest, that no one or two cattle are isolated.
- I. All cattle must have approved back or neck numbers. The cattle are sorted in order. If any part of a numbered cow crosses the start/foul line prior to its correct order, then the team receives a no-time. If any part of a sorted cow re-crosses the start/foul line the team will be disqualified. If any part of any unnumbered cow crosses the foul line before the tenth cow is cleanly sorted, it will result in a no-time.

- J. The order of sorting is determined by the drawing of a random number by the announcer/timer, and then that cow must be sorted first. For instance, if 5 is drawn as the first number, 5 is sorted first, then cow 6 must be sorted, 7, 8, 9, 0, 1 and so on. A cow is considered sorted when the entire cow is completely across the start/foul line.
- K. If there is a malfunction of the sorting pen or a numbered cow jumps any fence and either leaves the arena or ends up in the opposite pen, but did not pass through the gate, it will result in a re-ride for that team at the end of the herd, (assuming it was not caused by roughing of the cattle). In the instance of a re-ride, exhibitors will receive a full two-minute clock, but the exhibitors time cannot be improved. However, the number of cattle sorted during the allotted time can be improved. (Example: If a team had five (5) head in 55 seconds when the cow jumped the fence, they would get a re-ride with the full two-minute clock. In the re-ride, the same team sorted ten (10) head in 50 seconds. Their official time would be ten (10) head in 55 seconds).
- L. Should a herd be numbered incorrectly or have too many non-numbered cattle, the team(s) will receive a re-ride at the end of that set of cattle. If a team is given a number that has already been used within a given herd, a rerun must be given immediately, using the correct number within that same herd.
- M. Riders must alternate between sorting the cattle, or the team will be disqualified. For example, rider one will sort the first cow called out, then rider two will sort the second, and then rider one sorts the third cow, etc. No rider can sort two cattle in a row.
- N. Any unnecessary roughness to cattle or horses or unsportsmanlike conduct may result in disqualification.
- O. Any excessive use of a whip, rope, crop, bat or reins anywhere on the horse will be cause for disqualification.
- P. A snaffle bit, curb bit or hackamore may be used no matter the age of the horse and may be ridden two handed.

#### **RANCH TRAIL- CLOVERLEAF, JUNIOR AND SENIOR**

- A. This class is designed to show the horse's ability to navigate and cope with the various situations and obstacles encountered in everyday ranch work. It is designed to show a horse's ability to perform these obstacles with a willing attitude. The horse is judged on cleanness and promptness with which the obstacles are negotiated, ability to negotiate obstacles correctly, and attitude and mannerisms exhibited by the horse while negotiating the course. *Cloverleaf youth show at walk and jog only.*
- B. Whenever possible, realistic or natural obstacles should be used. The course can be laid outside of the arena using natural terrain. However, if a ground tie is specified in the course, the course must be set up in an enclosed arena.
- C. The judge must walk the course and has the right and duty to alter the course in any manner. The judge may remove or change any obstacle he deems unsafe or non-negotiable prior to the start of the class. If at any time a trail obstacle is deemed to be unsafe by the judge, it shall be repaired or removed from the course. If it cannot be repaired and horses have completed the course, the score for that obstacle shall be deducted from all previous works for that class.
- D. At least two or three obstacles will be designated as tie breakers and shall be selected prior to the beginning of the competition. One of the mandatory obstacles should be used as the first tie breaker.
- E. Tack and Equipment:
  1. Ranch work equipment and attire is recommended, but show equipment and attire will not be penalized.
  2. Wearing gloves, leather or fabric, is optional. Roping gloves may be worn for the duration of the class or may be worn only for the roping and log drag obstacles.

3. Roping reins, split reins or romal reins are permitted, but roping reins and romals must be used with a snap attachment if a ground tie is in the Ranch Trail course.
- F. Use of hands: Only one hand may be used on reins and hands must not be changed, except to work with an obstacle. Reins may be held in any manner. Two hands may be used when using a snaffle bit or bosal on a horse or pony 5 years of age or younger.
  - G. The horse will be shown at a ground-covering walk, trot (or natural gait), and lope between the obstacles and credit will be given for performing these gaits on the correct lead with an alert attitude. The walk may be judged as part of an obstacle. Between obstacles, at least 30 feet should be allowed for the trot, and at least 50 feet for the lope. Gaits between obstacles will be scored as part of the next obstacle.
  - H. Extending the trot or natural gait may also be asked. The extended trot may be ridden with the rider either posting or standing in the stirrups to the front of the saddle. Holding the saddle horn is permissible, at this gait, as might be done in open terrain.
  - I. No additional credit will be given for unnecessary/additional maneuvers (such as sidepassing to and from an obstacle).
  - J. The judge may ask a rider to move on to the next obstacle if the horse/rider is unable to complete the maneuver in a reasonable time or if the judge deems that the rider is, or will be, in an unsafe situation. The judge may also ask the rider to move on after a third refusal at an obstacle.
    1. A rider will lose 15 points if an obstacle is attempted and not completed.
    2. The maximum points a rider can lose on any one attempted obstacle is 15 points.
  - K. A rider may elect to skip an obstacle without disqualification. He/she may do so with the judge assigning a 20 point penalty.
  - L. Scoring will be on the basis of 0-infinity, with 70 denoting an average performance. Each obstacle will receive an obstacle score that should be added or subtracted from 70 and is subject to a penalty that should be subtracted. Each obstacle will be scored on the following basis, ranging from plus 1 ½ to minus 1 ½: -1 ½ extremely poor, -1 very poor, -½ needs improvement, 0 correct, +½ good, +1 very good, +1 ½ excellent. Obstacle scores are to be determined and assessed independently of penalty points. Penalties should be assessed per occurrence as follows:
    1. **One-half (½) Point**
      - 1) Each tick of log, pole, cone, plant, or any component of the obstacle.
    2. **One (1) Point**
      - 1) Each bite of or hit of or stepping on a log, cone, plant or any component of the obstacle.
      - 2) Incorrect or break of gait at walk or jog for two strides or less.
      - 3) Both front or hind feet in a single-strided slot or space at a walk or jog.
      - 4) Skipping over or failing to step into required space.
 

\*\*With the nature of the uneven/random spacing of some step-overs, if the horse can navigate the obstacle cleanly without stepping into every little space, that is fine. I.e., not every space in a step-over is a "required" space.
      - 5) Split pole in lope over.
      - 6) Incorrect number of strides, if specified
      - 7) Each step, up to three steps, moved during ground tie or picking up hooves.
    3. **Three (3) Points**
      - 1) Incorrect or break of gait at walk or jog for more than 2 strides.
      - 2) Out of lead or break of gait at lope (except when correcting an incorrect lead).

- 3) Knocking down an elevated pole, cone, barrel, plant, obstacle, or severely disturbing an obstacle.
  - 4) Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with one foot.
4. **Five (5) Points**
- 1) Dropping slicker, log rope, or object required to be carried on course.
  - 2) Dropping lariat anywhere on course other than after completion of roping obstacle.
  - 3) Each refusal, balk, or evading an obstacle by shying or backing.
  - 4) Letting go of gate.
  - 5) Use of either hand to instill fear or praise.
  - 6) Stepping outside the confines of, falling or jumping off or out of obstacle, with designated boundaries, with more than one foot.
  - 7) Blatant disobedience (including kicking out, bucking, rearing, striking).
  - 8) Moving more than 3 steps during ground tie or picking up hooves.  
(Note: "Holding the saddle with either hand" is a 5-point penalty in Western Trail but is not a penalty in Ranch Versatility Trail.)
5. **One (1) to Five (5) Points**  
Faults, which occur on the line of travel between obstacles, are scored according to severity:
- 1) Head carried too high
  - 2) Head carried too low (tip of ear below the withers)
  - 3) Over-flexing or straining neck in head carriage so the nose is carried behind the vertical
  - 4) Excessive nosing out
  - 5) Opening mouth excessively
6. **Fifteen (15) points**
- 1) Use of two hands (except for junior horses shown with hackamore or snaffle bit) or changing hands on reins. But it is permissible to change hands to work an obstacle.
  - 2) Excessively or repeatedly touching the horse on the neck to lower the head.
  - 3) Failure to ever demonstrate correct gait between obstacles as designated.
  - 4) Failure to complete an obstacle once attempted.
  - 5) Maximum number of points that can be lost on any one attempted obstacle.
7. **Twenty (20) points**
- 1) No attempt to work an obstacle.
8. **Disqualified 0 – Score**
- 1) Use of romal other than as allowed in Contest Rules, Regulations, and Procedures.
  - 2) Performing the obstacle incorrectly or other than in specified order.
  - 3) Equipment failure that delays completion of pattern.
  - 4) Entering or exiting an obstacle from the incorrect side or direction.
  - 5) Working obstacle the incorrect direction.
  - 6) Riding outside designated boundary marker of the arena or course area.
  - 7) Significant deviation from correct line of travel between obstacles.
- M. Six to ten obstacles will be used.
1. Potential Obstacles:
    - a. Opening, passing through, and closing a gate. This gate may not be a rope gate.
    - b. Log Drag – Horse must be willing to drag a log for a short distance in a straight line. Rider to pick up rope while mounted at point A, and drop rope at point B. Rope may not be tied hard and fast to the saddle horn; dallying is optional. Log size should be roughly the size of a small fence post, suggested maximum weight ~30 lbs. Rope should be securely attached to one end of the post by either drilling a hole through the post and tying a bowline (or other non-slip knot), or attaching an O-ring and tying a non-slip knot through the ring. \*\*Preferably this is at least an 8' to 12' gate. Make sure that it is level so it swings easily and does not fall open one direction or another if released.

- c. Stationary Steer – This obstacle is used to show the willingness of the horse to have a rope thrown from its back. The judge will give credit to the horse that stands quietly while the contestant makes the swing and throw at the stationary steer. Shying from the rope will be penalized, but missing the stationary steer will not be penalized. Rider must provide the rope for this obstacle; rope may be carried in hand, over saddle horn, or affixed to saddle. At the completion of this obstacle, contestant may coil rope and keep for remainder of class, or drop rope at obstacle without penalty.
    - \*\*The typical rope used would be a lariat, roughly 30' long. The attachment method is described in the rule. Most youth should be able to drag by hand (without dallying) a log up to ~20lbs. This equates to roughly a 4" x 6' fence post. Jump standards can be used at each end of the drag to hold the rope up where the rider can reach it. Suggested distance between the two standards is ~40'.
    - \*\*\*Each youth should begin the course with his/her own rope (although of course they may pass the rope from one to another between rides). The rider should be able to choose where to stand in relation to the stationary steer to throw the rope (typically ~6' away). You should not designate a 'throw from here' spot. The stationary steer should be a similar height to an actual steer – a simple head on a hay bale will be too low.
  - d. Mailbox – Rider will open and close a mailbox when mounted.
  - e. Bridge – Horse should walk willingly over a stationary bridge.
  - f. Slicker – The rider shall show the ability to handle the horse while simulating putting on a slicker. The rider may also be asked to carry the slicker from point A to point B.
  - g. Walk-over log-L obstacle – Walk over 90° log "L". Log should be no less than 6" and no more than 12" in diameter. Riders should negotiate this obstacle in a straight line.
  - h. Step-overs at a walk, trot, or lope – Natural branches, logs, fence posts, etc. which are laid out in seemingly random angles and distances. Distances should be measured only so the set-up is repeatable, but not for uniform spacing or stride length. Obstacles may not be raised and the maximum height of any step-over is 8".
  - i. Water hazard – The horse should enter and exit the water hazard in a quiet manner.
  - j. Back through obstacle – Straight, "L", or into/out of a marked location.
  - k. Sidepass – Straight, one direction, may or may not be elevated.
  - l. Ground Tie – Rider must be able to dismount and walk a minimum of 5 paces away with the horse in a designated spot. If used, this must be the last obstacle of the course (no remount) and class must be held in an enclosed arena. If a rider is using a one-piece rein (romal, roping rein, etc.), it should be unsnapped from the bit on one side while ground-tying.
  - m. Pick up front feet – The rider must be able to dismount and pick up both front feet in an easy, time efficient manner. If used, this must be the last obstacle of the course (no remount). May be used in succession with ground tie so rider only dismounts once per course.
  - n. Any other safe and negotiable obstacle which could reasonably be found in everyday ranch work and meets the approval of the judge.
2. If disrupted, the course shall be reset. In the case that an obstacle is used in combination, the obstacle cannot be reset until the contestant finishes the entire combination.
