8

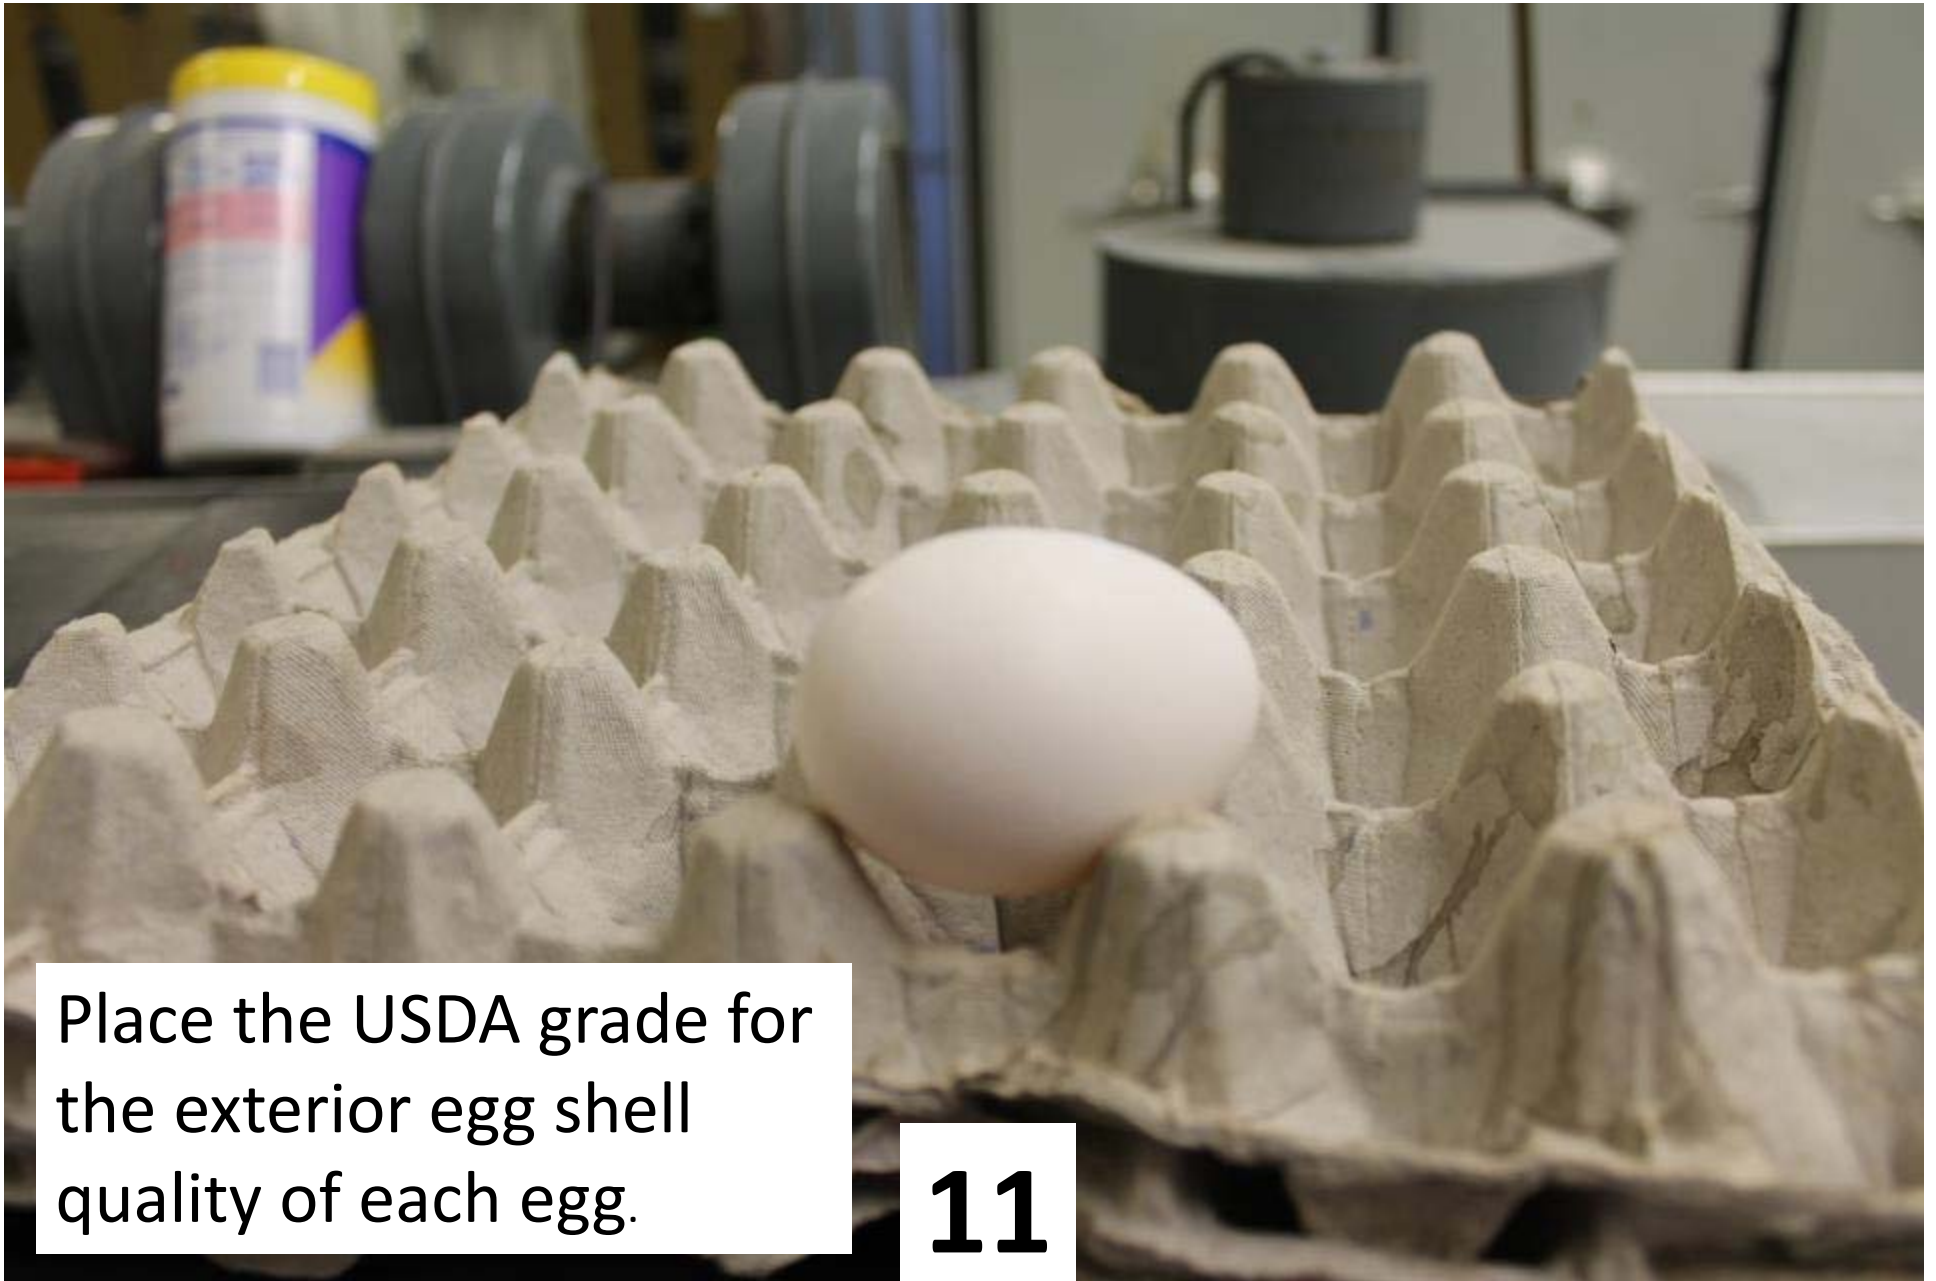

Place the USDA grade for the exterior egg shell quality of each egg.

9

A close-up photograph of a single white egg resting in a compartment of a light brown cardboard egg carton. The carton is filled with many other similar compartments, some of which are empty. The background is slightly blurred, showing what appears to be a kitchen or laboratory setting with a sink and some equipment. The lighting is bright, highlighting the smooth texture of the egg shell.

Place the USDA grade for the exterior egg shell quality of each egg.
