Breakfast Cereals – Practice Class

Situation Statement: Allison wakes up hungry for breakfast and wants cereal, but she wants to make a healthy choice. She knows that she wants to limit sugar and saturated fat, and she needs to get 100% of the vitamins she needs sometime during the day in order to stay healthy. She also knows she needs to get fiber and protein to help keep her full until lunchtime. She plans to have her cereal with 3/4 cup fat free milk. Which cereal would be her best choice?

Breakfast Cereal Ranking and Reasons

Ranking: 4,3,1,2

4 over 3 because 4 has more fiber, protein, and calcium with less sugar and less saturated fat. Granted it is higher in sodium and has less iron.

3 over 1 because 3 has less sodium, sugar, and saturated fat, as well as more calcium, and iron. Granted 3 does have less fiber, and the same protein as 1.

1 over 2 because it has more fiber, more protein, calcium, and iron. It does have more sugar and calories, but Allison's primary focus is fiber and protein, and 2 contains no fiber and very little protein.

Jeans – Practice Class

Situation Statement: Jessica is doing some back-to-school shopping at the mall with her mom, and she wants to buy a new pair of jeans. Her favorite style is skinny jeans with a little stretch and she prefers a darker wash. Event Venues- Practice Class

Nick is graduating from the University of Georgia in May with a degree in Finance. He wants to plan a graduation party for his friends and family at a local Athens venue. Nick expects 40 people to attend the party and he would like to provide food and drink for his guests. He prefers an indoor venue, and his total budget \$1,000. It is important for Nick to stay on or under budget, and his top priority is finding a space large enough to comfortably accommodate all of his guests. He would also like to be able to play music during the party. Which of the following Athens venues should Nick choose for the party?

<p>1. Local Restaurant</p> <ul style="list-style-type: none">• A local Athens restaurant will let Nick rent out the indoor private room of the restaurant for \$200 plus the cost of food and drink.• For 40 guests, the restaurant has quoted Nick a price of \$600 for food and drinks.• There is a sound system in the room.• The maximum occupancy of the room is 55 people.	<p>2. County Club Outdoor Patio</p> <ul style="list-style-type: none">• The local country club is offering to rent out their outdoor patio space to Nick for an all-inclusive rental fee of \$1000.• Food, drinks, tables, and chairs are all included in the \$1000 charge. No additional fees will be added.• The country club patio is a outdoor venue with a recommended maximum capacity of 75 people.• There is a sound system available.
---	--

<p>3. Banquet Hall</p> <ul style="list-style-type: none"> • An Athens banquet hall charges a rental fee of \$270. • The hall has a sound system available. • The banquet hall requires in-house catering. There is a food/drink charge of \$17 per guest, so Nick would pay \$680 for food and drink. • The banquet hall is an indoor venue with a maximum capacity of 100 people. 	<p>4. Local Historic Home</p> <ul style="list-style-type: none"> • Nick has a friend who sometimes rents out his historic home to friends and family for a small fee of \$150 plus cleaning costs. • Nick will be responsible for providing the food and drinks. Nick estimates he would spend \$400 on food and drinks. • There is no sound system, but Nick could rent speakers and bring them in. • In addition, Nick must to pay a cleaning service to clean his uncle's home after the party. Cleaning charge = \$150. • The home has both indoor and outdoor event space; but at least some of the guests would be eating outside. The maximum capacity is. 30 people.
