

GEORGIA 4-H

ENVIRONMENTAL EDUCATION

Experience day and residential field studies at six 4-H centers across Georgia!

- Exciting courses are aligned with the current state education standards
- Well-trained and college-educated instructors keep students active and engaged for up to eight hours a day
- Hands-on approaches put learning in the context of the real-world environment
- Experiences help create and sustain bonds between teachers and students

EXPERIENCE THE CLASSROOM WITHOUT WALLS

1.3 million

participants served
by Georgia 4-H
Environmental
Education since 1979

Four Major Course Areas

Ecology: Beach, Forest, Lake, Marsh, Stream

Living History: Pioneer & Native American

Outdoor Skills: Canoeing & Orienteering

Team Building: Games, Challenges, Courses

Available based on location

Evaluation data demonstrates

an increase in participants' (1) positive relationships with their classmates, (2) positive relationships with their teacher, (3) knowledge about the ecosystems of Georgia, (4) knowledge that their behaviors affect the environment, and (5) connection to nature.

Teacher Testimonials

"On a scale of 1-10, I give an 11 for all aspects. I have taught biology for 14 years... the staff taught the subjects like excellent veteran teachers. We were all bragging the whole time about the instructors' energy and classroom management with the kids (even the difficult ones). Loved the experience!" -5th Grade Teacher in Henry County

"This place would have changed my life as a kid. We would love to come back!" - 8th Grade Teacher from Roanoke, Virginia
