RE: 2023 Guthrie Dairy Youth Leadership Scholarship

We are incredibly pleased to announce the Guthrie Dairy Youth Leadership Award again. This cash award (max amount \$500.00) will be given annually to 4-H or FFA members involved in youth dairy programs or activities who need financial assistance to participate in workshops, conferences, field days, or any other dairy-related activities that would enhance their leadership abilities. Examples of these programs are Junior Dairy Breed Association Activities, Southeast Dairy Youth Retreat, or any other dairy-related program where leadership can be developed. **Exhibiting your Dairy Heifer Project is not considered a qualifying program for this scholarship.** Depending on the number of deserving applicants and the availability of funds, consideration may be given to awarding more than one scholarship. We are open to different possibilities, so be creative!

Dr. Guthrie retired from the Animal and Dairy Science Department at the University of Georgia in 2000, and it was his wish that he be remembered in this way. Dr. Guthrie was a major force behind the Youth Dairy Programs in Georgia for more than 20 years. Besides overseeing the 4-H and FFA Dairy Judging programs and developing the very successful Georgia Commercial Dairy Heifer Program, Dr. Guthrie is an unwavering supporter of developing leaders for the Georgia Dairy Industry through the 4-H and FFA Programs. He has been involved in all facets of these youth dairy programs, and many successful producers look back and recognize Dr. Guthrie and his efforts for at least part of their current success.

Enclosed is an application form which must be signed by the student's County Extension Agent and/or Agricultural Education Teacher. The signing teacher or agent must also attach a letter of recommendation. The completed application and letters of recommendation must be emailed to Carole Knight (clh@uga.edu) **no later than 5:00 PM on Wednesday, March 1, 2023.**

Thank you for your help in spreading the word about this scholarship and for your part in helping us identify these outstanding youth livestock producers. We look forward to receiving your applications.
