PARENT & YOUTH INFORMATION FOR CLOVERLEAF SUMMER CAMP

Get ready for exciting hands-on classes, high-ropes challenges, the star-studded Wahsega Talent Show, sliding down the waterfalls, playing in the creek, swimming in the pond, campfires, tubing down mountain rivers... and a whole lot more!

This document has all the up-to-date information for campers and their families. This trip planner is meant for children attending cloverleaf camp, although most of it applies to Wilderness Challenge and military sponsored summer camps as well. Your county extension office will also be assisting you to be ready for camp this summer and in constant communication with you.

I'm excited for another summer of camp at Wahsega! I have been the director since 2018. I feel fortunate to have inherited a camp with a long tradition of excellence but I still strive to make things better each year. Before coming to Wahsega, I was the program director at the Burton 4-H Center on Tybee island for 11 years. I live at Wahsega with my wife and 3 children, and so I know how important a safe experience for your children is. I am proud that Georgia 4-H and Wahsega 4-H Center place the highest priority on the safety of the children that come to us. Second on the list is to have a really fun time while growing in a positive way.

I look forward to meeting your child this summer and seeing them have a great time at Camp Wahsega!

Sincerely,

David Weber
Wahsega 4-H Center Director

UNIVERSITY OF GEORGIA
EXTENSION

ACTIVITIES AT WAHSEGA CLOVERLEAF CAMP

General camp program activities

NIGHT RECREATION – Many activities are available during Night Rec including:

- *Rec Hall* – Dances and fun games are a tradition at 4-H camp. The party is in the Rec Hall led by camp counselors.
- *Arts & Crafts* – Craft activities led by a counselor will be available in the classroom
- *Outdoor sports* – Basketballs, volleyballs, Frisbees and footballs are available. Counselors will be there playing with kids
- *Ga Ga ball* – Kids love this camp game which is a safer form of dodge ball
- *Camp Hair* – Camp Hair is an activity for campers who wish to get fun decorations in their hair.

LINE DANCING – No standing against the wall! Using popular songs and old favorites, counselors teach a variety of line dances to campers during both Night and Day Recreation times.

TALENT SHOW – Hey! If you have talent, show off your talents at the Talent Show. Dancers, singers, actors, piano players or campers with any other talents are encouraged to sign up. Your child may want to pack things to use for the talent show, such as special outfits, an instrument, props, etc.

MORNING FAMILY MEETINGS – Start the day with an overview of what’s happening that day. A special visitor may drop by too.

MONDAY NIGHT CAMPFIRE – On Monday night the campers will have a chance to attend a campfire with their Family Group and make S’mores.

SWIMMING & WATERFALLS – During swim times at Wahsega, campers can swim in the pond or slide down the waterfalls.

WATER GAMES – A hot afternoon, 150 kids, a bunch of crazy games and lots of fun and water.

4-H ASSEMBLIES – What’s 4-H all about? Recognition of active 4-H’ers and skits gives campers a look at what else 4-H has to offer.

THURSDAY NIGHT SLIDE SHOW – The slide show on Thursday night is a fantastic way to relive the week of camp.

THURSDAY NIGHT CAMPFIRE – The big finale for the week! A fun evening of counselor skits, stories and stunts that everyone will enjoy.

HILLBILLY COSTUME CONTEST - Campers are invited to dress up in a Hillbilly Costume for the talent show. We will award a prize worth \$5 in the canteen to the camper wearing the best costume. Pack special clothes for this if your child is interested.

Animal Group Rotations (All campers have the opportunity to take all classes offered. Note that this is a representative list of classes. The final list has not been determined.)

ARCHERY – An introduction to archery. Learn about the gear, shooting techniques and following competition-style commands. Campers have many opportunities to shoot bows and arrows during the class.

STREAM ECOLOGY – Campers learn about the wildlife habitat in the creek at Wahsega and have the opportunity to catch small critters with dip nets.

HERPETOLOGY – Herpetology is the study of reptiles and amphibians. In this class, campers may touch and hold non-venomous snakes in our Herp Lab and turtles at our outdoor habitat called Turtletopia.

WILDERNESS SURVIVAL – What do you do if you are in a situation where you are lost in the woods with no water, food or shelter and the sun is going down? First: Don't panic.

FOREST ECOLOGY – A lot more than just trees. Take a hike over the mountain and look at animal and plant life, soil, geology, water and the importance of maintaining healthy ecosystems.

Family Group Rotations (High-ropes Challenge Course & Tubing. All campers will do all activities.)

CLIMBING WALL – Wearing a harness attached to a rope and belay system, campers face the daunting challenge of climbing a 35-foot wooden wall with nothing to hold on to but tiny, rocky handholds.

ZIP-LINE – Climb the pole. Jump. Zip! It's easy. Campers wearing a harness attached to a belay system are transferred to the Zip-line by a counselor stationed on a platform at the top of the pole.

FLYING SQUIRREL – The camper is the squirrel. Hooked to a rope at their back, campers are lofted 45 feet in the air by a team of other campers pulling the rope. Counselors check safety harnesses and provide direction to the squirrel and belay team.

ORGANIZED RECREATION – While some campers are participating in the high-ropes challenges, others will be waiting. Instead of just sitting there, they will have the opportunity to participate in indoor and outdoor recreation activities led by one of our summer camp counselors.

See our website for videos showing the Wahsega 4-H Center summer camp. Search: Wahsega 4-h center cloverleaf camp

WHAT TO PACK

Clothing & Gear

- Shirts
- Shorts
- Underwear
- Socks
- Extra socks
- Swimsuit or swim trunks
- Jacket or sweatshirt (for cool mornings and nights)
- Rain jacket
- Sunglasses
- Hat

Footwear

- Sandals (sturdy sandals or crocs with a heel strap) or old tennis shoes that can get wet
- Tennis shoes or other comfortable shoes to keep dry and run around in

Linens

- Sleeping bag (an inexpensive sleeping bag will work fine) or sheets & light blanket
- Pillow and pillow case (pillows are not provided)
- Towels (for showering and after swimming)
- Wash cloth and hand towels
- Laundry bag or trash bag for wet clothes. Be sure to label trash bags well.

Toiletries

- Shower caddy, basket, bag or toiletries kit to carry supplies when walking to the bathhouse
- Soap and soap container
- Shampoo
- Toothbrush with protective holder
- Toothpaste
- Deodorant
- Brush, comb and hair accessories
- Shaving supplies
- Feminine supplies
- Sunscreen
- Insect repellent

Medications To Keep Separate

Plan to turn in meds to your child's 4-H leader before departure from the county on Monday morning.

- Prescription medications in their correct and unexpired bottles or packages
- Over-the-counter medications in correct and unexpired bottles or packages
- A zip-lock bag labeled with the camper's name for their prescription and over the counter medication
- 4-H Medicine Form is required for all medicines.

Optional items

- Wallet or purse
- Money for the Canteen (crisp \$1 and \$5 bills for drink machines)

- Talent Show supplies such as sheet music, CD's, costumes, instruments or other props and costume for hillbilly costume contest Wednesday night
- Writing paper, stamps and envelopes (these items are not sold at Wahsega)
- Flashlight (flashlights are allowed and will not be confiscated)

PACKING TIPS

Label everything

- Mark all clothing, shoes, luggage and other items with the camper's name.
- Label trash bags used for dirty clothes because they can be confused with trash.

Helpful hints

- Pack a daily change of clothing at the minimum.
- Shorts and T-shirts are perfect. Sleeveless shirts and tank tops are allowed (but see the Dress Code).
- Pack older clothes that can get wet or muddy, not nice new clothes.
- Pack a few plastic bags for dirty clothes and shoes
- Pack shorts that extend at least to mid-thigh for the high-ropes course.

About wet clothes

- Clothes will get wet, so pack extra socks and underwear – more than you would normally need.
- Blisters are a problem. Encourage campers to wear dry socks and shoes to prevent blisters.
- Wearing wet shorts and underwear will cause a painful rash. Educate your child about this.

About shoes

- Pack at least two pairs of shoes, one to keep dry, one to get wet.
- Comfortable shoes or sandals are a must. Don't take new shoes or sandals to camp.
- Closed-toe shoes are required for the high-ropes course.
- Comfortable sandals with heel straps or crocs are okay if the heel strap is worn on the heel.
- Pack shoes to keep dry (tennis shoes for running around, hiking, climbing, and

other times).

- Pack shoes that can get wet (old shoes, water shoes or sturdy sandals with a heel strap).
- Flip flops and sandals that are just flip flops with a thin heel strap are not allowed except for showering.
- Footwear (not flip flops) is required when wading in the creek or playing in the waterfalls.

Dress Code

Dress modestly. Campers wearing clothes deemed inappropriate by chaperones will be asked to change. Here are some guidelines:

- Revealing shorts, pants, and sleep pants or boxer shorts worn on the outside are not allowed.
- Underwear must be worn and must not be visible. Briefs, boxers and bras are underwear.
- Sagging is not allowed.
- Clothing with advertising that encourages breaking the 4-H Code of Conduct is not allowed.
- Halter tops, backless shirts, ripped T-shirts, one-shoulder tops, spaghetti straps, visible midriffs and other shirts or tops that are not modest won't be allowed.
- When swimming, girls should wear a one piece or a tankini. A bikini is not acceptable at camp.
- Girls may choose to wear a dark colored T-shirt cover-up, swim trunks or modest cut-offs.
- Boys swimsuits should be shorts, swim trunks, board shorts or cut-offs; not boxers or swim briefs

What not to pack

- No knives, firearms, fireworks or any other dangerous items. These items will be confiscated.
- No valuable jewelry, large amounts of money, expensive phones or tablets. We are not responsible for lost or stolen items.
- No personal food and snacks unless prearranged for dietary needs (no snacks in the cabins)
- No prescription medications kept with a child. Meds must be turned in to the 4-H leaders.
- No alcohol, tobacco, matches, lighters or anything else that breaks the Georgia 4-H Code of Conduct

Cell Phone Policy

Cloverleaf level (4th-6th Grade) 4-H'ers are strongly discouraged from bringing cell phones and other electronic devices to 4-H events and camp. If brought, cell phones and other devices must be left in the cabin during scheduled activities and put away at lights out. Cell phones may be confiscated and returned at the end of the event if their possession or use is determined to be disruptive to camp or event activities. Your county 4-H leader may advise you of further cell phone guidelines.

Lost and Found

We will attempt to return items while your child is still at camp. Remind your child to be responsible for their own property. Please label all items with a permanent marker for easy identification. Call immediately if you discover that your child's belongings are missing. The more time that passes, the less likely it will be found. We are not responsible for property that is lost, stolen, damaged or left behind.

OPTIONAL SUPPLIES FOR CHAPERONES

Some adults are comfortable traveling light and others aren't. Experienced chaperones can anticipate camp but people new to this may not, so here is a big list of some of the items that adult leaders may want to include in their luggage.

- Folding lawn chair
- Bug spray
- Sunscreen
- Air freshener
- Small cooler (we have ice available in the Dining Hall)
- Hats
- Sunglasses

- Book to read
- Flip flops for the shower
- Alarm clock
- Electronic device cords and wall adapter (for computer, iPod, iPad, Kindle, cell phone, etc.)
- Batteries
- Flashlight
- Personal fan
- Extension cord
- Clip on book reading light
- Small folding TV tray table to serve as a bedside table
- Writing pen or Sharpie
- Variety of shoes and sandals
- Extra towels
- Soft drinks (only caffeine-free drinks are sold in the vending machine at Wahsega, the canteen offers caffeinated Coke and Diet Coke)
- Snacks (not allowed in cabin, they will attract mice and ants, but can be kept in Pavilion 4)
- Beach towels
- Cash or checks for souvenirs, snacks and drinks. (We aren't set up to take credit cards.)

A note about phones for Adults

Cell phone service is spotty at Wahsega. We have WiFi coming from the office, and we only give out the password to adults. There is also a land line phone in the first aid room that any adult can use at any time, just dial 9 first to get an outside line.

RULES AT SUMMER CAMP

These rules are worded positively. We believe positive statements help us advance a vision for what we want to happen.

We expect campers to show a great deal of responsibility for themselves, their behavior and their property. Both emotional and physical aggression is cause for discipline. Campers may not exert force against anyone or harm or threaten them nor may they take or damage anyone's property including the 4-H center's property.

1. Respect everyone – their body, their space, their property and their emotions
2. Be respectful to all adult leaders and counselors—they are in charge to keep you safe and unsure everyone has a fun time—do what they say
3. If you are having a problem with another camper tell an adult leader—they are here to help you
4. Respect other living creatures including plants, snakes and other wildlife
5. You may pick up rocks and look at them, then place them back on the ground
6. Wear shoes or sandals at all times except when swimming in the pond or showering
7. Wear shoes or sandals while wading in the creek or playing in the waterfalls
8. Sleep on pillows rather than fight with them
9. Store and eat food outside of the cabins. Food inside the cabin attracts ants and mice
10. Be waiting at the Dining Hall when the KP bell rings if it's your turn to be on KP
11. When the bell rings, hurry to where you are expected to be
12. Leave chewing gum at home
13. Only go into your own cabin rather than other people's cabins
14. Keep your money with you rather than leaving it in your cabin
15. Throw all trash in trashcans and cans and bottles into recycling
16. Dress modestly
17. Leave electronic devices at home or in your cabin
18. Coffee served in the dining hall is for adults only
19. Phones are only for adult use

WHAT TO EXPECT AT CAMP WAHSEGA

It's natural to be anxious about leaving home, adopting new routines, and meeting new friends. To minimize anxiety, here is some information to help you and your child know what to expect.

Expect typical old-fashioned summer camp cabins

Most of our cabins are a single large room of bunk beds. Everyone sleeps in bunk beds and each camper has their own bed. Campers compete for the "Clean Cabin Clover" award each day by cleaning up the cabin in the morning. One or two adult leaders also sleep in the cabin, so there is always good supervision to keep kids safe.

Expect bathhouses

There are separate girls' and boys' bathhouses with separate individual shower and toilet stalls. Campers carry their toiletries to the bathhouse. A cabin group is assigned to clean the bathhouse each day.

Expect campers to serve on KP (Kitchen Patrol)

KP is where campers are asked to set the tables, act as servers, clear the tables, dry silverware and bowls and mop and sweep the dining room. A Dining Hall staff member leads campers in KP.

Expect great food!

We serve three meals per day cafeteria style. The menus for our meals are online. Please encourage your child to eat our meals to keep their energy up and maintain good health. There will only be one main entree for each meal, so let your child know they should eat what is served, even if it is not their favorite.

Expect special service for special diets

If campers have food allergies, observe religious dietary restrictions or have other special dietary needs, let your county 4-H leader know. We are happy to accommodate any dietary restrictions.

Expect campers to drink lots of water

Please stress the importance of drinking water to campers. The weather will be hot and we will be outside all day. Headaches, stomach aches and lack of energy are typically a sign of dehydration. It's great to pack a water bottle (with name on it). We have drinking fountains and water coolers all around camp to keep kids hydrated.

Expect campers to behave

Each camper signs the 4-H Code of Conduct. Campers should understand the rules. Failure to adhere to the rules will result in disciplinary action.

Expect chaperones to discipline appropriately

Georgia 4-H policy states that no corporal or physical punishment is allowed. We will correct minor misbehavior by having a child take an immediate time out.

Expect all camp program expenses to be covered

There are no additional or optional activities that cost extra money. For example, there are no optional arts & crafts or optional water activities that cost extra money. Only snacks and souvenirs cost extra.

If you need to call the 4-H center, expect to talk to a staff member rather than your child

A camper's personal growth at camp is made possible by the time of extended independence that camp provides. To facilitate this growth, phone calls for campers are limited to a family emergency. Even then, expect to speak to a staff member first to coordinate follow-up phone calls with your county 4-H leader to arrange a phone call with your child.

Expect to leave a voicemail when calling after hours

We check voicemail in the morning, after lunch and in the evenings before going home for the night. We will return calls or pick up the phone if it rings after hours if we are in the office. While the office phone is consistently covered during office hours, no one monitors the phone overnight. Please do leave a voicemail and we will call back ASAP.

Expect county leaders to call you if there is a need

An adult leader will call you if there are any concerns during camp such as:

CALLS ABOUT NON-DISCIPLINARY CONCERNS

- Luggage or personal items that are missing, lost, potentially stolen or left behind (parents have been known to drive off with sleeping bags still in the car!)
- An emergency or injury that results in a visit to the doctor or emergency room
- Serious illness that could result in a visit to a doctor
- Severe cases of homesickness that result in physical illness or an uncooperative camper

CALLS ABOUT DISCIPLINE

- Refusal to comply with the Georgia 4-H Code of Conduct
- Behavior that endangers other campers or staff
- A persistent pattern of recurring misbehavior
- Physical, verbal or psychological bullying
- Instigating social drama and interpersonal conflict
- Sexually explicit or suggestive language or behavior

It is rare to send a child home from camp for misbehavior, but it does happen. We will work with you to help your child be a successful camper. There are times, due to violating the Georgia 4-H code of conduct, that we have to call law enforcement. If this happens we will also call you and keep you fully informed of what is happening. This is Georgia 4-H Policy. Examples of some misbehaviors that trigger calling law enforcement are hitting or seriously threatening another camper or inappropriate sexual behavior. Our goal is always to make Georgia 4-H events, including summer camp, a very safe place for all children to be at.

Expect to pay for damage to the facility

The county 4-H leader will hold you responsible for intentional damage to equipment and facilities caused by a misbehaving child.

Also, occasionally, children cause minor unintentional damage for which you are responsible even though the damage was an accident. We will work with you to address incidents that result in damage fees whether they are intentional or unintentional.

Expect campers to smell springtime fresh on Friday morning

Well, probably not! Please tell your child that he should shower a few times during the week of camp. Swimming in the pond or playing in the waterfalls does not count as a bath.

ENCOURAGING YOUR CHILD TO BE A HAPPY CAMPER

Setting an expectation in your home well before camp starts that your child will be a “happy camper” is the first step in preventing your child from being overwhelmed by missing home.

Expect campers to be overjoyed to be back home... when camp is over!

Be very intentional about the topic of missing home. Children will miss home some. That’s normal.

However, to help your child handle feelings of missing home in a mature fashion, make positive comments about the great experience they will have at camp. Your comments greatly influence your child's attitude.

Expect campers to work through their feelings while at camp

By pushing through feelings of missing home, campers learn a life skill and become more mature, confident and independent. They don't have to do that all alone: The county 4-H leaders, chaperones and Wahsega's Summer Camp Counselors are trained to handle these situations in constructive and loving ways. Counselors work to help campers overcome being overwhelmed by missing home by encouraging them to accept the feeling of missing family, friends and pets while continuing to make the most of being at camp.

WRITING CAMPERS IS A GREAT IDEA – Campers look forward to hearing from you while at camp. When writing, ask campers about camp and encourage them to be enthusiastic about the experience away from home. Be encouraging and fun. Use positive words in your sentences.

STRATEGIES TO HELP YOUR CHILD WORK THROUGH HOMESICKNESS

- Reach an agreement with your child ahead of time to honor Wahsega's no-phone-call policy.
- Don't bribe. Linking a successful stay at camp to a material object sends the wrong message.
- Pack a personal item from home that promotes positive feelings of familiarity.
- Be confident about encouraging your child to stay at camp. For many children, camp is a first step toward independence and plays an important role in their growth and development.

HOMESICK CAMPERS HAVE TO PARTICIPATE IN PLANNED ACTIVITIES – Campers quickly get into the camp routine and don't have much free time. Campers aren't allowed to take naps during the day and everyone is expected to be present for activities... even if they are missing home! Homesickness can lead to discipline problems for children who refuse to cooperate because they want to be sent home.

CALLING HOME IS THE LAST RESORT – If a camper is missing home so much that they are miserable, an adult leader will call you. If you agree to allow your child to call home, a time will be set to do so. Allowing the camper to call home usually makes matters worse, so that is not the first thing we'll do. If you talk to your child, offer calm reassurance and put the short time frame of camp into perspective. Avoid the temptation to agree to come pick up your child early.

STEPS TO PREPARING YOURSELF & YOUR CHILD FOR CAMP

1. What to say about camp months and weeks ahead of time

- Express excitement to your child about the fact that they are going to camp. Worrying aloud about being lonely may set the stage for homesickness.
- Say sincere positive things about summer camp, 4-H and the adults involved.
- Say that you know that events will be fun and safe to make your child feel secure about camp.
- Talk about the positive opportunity to experience camp.
- Tell your child that you look forward to him or her being back home at the end of the week but that you hope they have a good time at camp.
- Discuss expected camp activities in detail, including departure for camp and arrival back at home at the end of the week.
- Rather than camp being a completely separated experience, talk about the week in the context of your family's life. Even though you aren't together for camp, it is part of what you are doing to give

your child a great childhood.

- If you have gone to camp, call it a tradition in your family. If not, call it a new tradition!
- Encourage children by explaining that missing home is okay but that it shouldn't stop them from participating in activities and meeting new people.
- Tell your child that many campers are a little anxious about camp at first and that they have to work at being at camp with a positive attitude.

2. One week before camp

- Be enthusiastic about camp. Again, say positive things about the opportunity to go to camp.
- Label each item your camper will take to camp and work with them to pack appropriate clothing.
- Start packing several days ahead of time.
- Work with your pharmacist to get original containers for medications. Send current and marked bottles of meds. Expired, unmarked or hand-written labels on prescription medication bottles are not allowed.
- Double check the dates, times and location of drop-off and pick-up.
- Make sure you have the forms you need to complete.

3. The night before

- Make sure your child gets a good night's sleep at home.
- Make a final check of your child's luggage.
- Make sure you have your child's paperwork filled out.
- To help your child have a positive attitude, make more positive comments about camp.

4. On Monday morning

- Take forms with you to the departure point if you haven't already turned them in.
- Plan to give the county 4-H leader your child's medication.
- Arrive at the departure location ahead of time.

5. Plan to pick up on time on Friday

- Double check the pick-up time and location for Friday.
- Be ready to pick-up a chatty kid excited about telling you all about camp!

MEALS AND ACCOMMODATIONS

Tell campers about cabins & bathhouses

Please encourage your child to shower, use deodorant, change clothing daily and not wear wet clothes all day. Also, they need to go to bed and sleep at scheduled times. Otherwise, they will not feel like participating in daytime activities. There are no naps in the schedule and everyone is expected to be present for all activities.

CABINS – Campers, Teen Leaders and chaperones stay in cabins with a large room of bunk beds. Everyone sleeps in bunk beds and all campers have their own bed. Also, they will be competing for the “Clean Cabin Clover” award given each day to the cleanest cabin.

BATHHOUSES – There is a girl’s bathhouse and a boy’s bathhouse. Campers carry their toiletries, towel and change of clothes to the bathhouse for daily hygiene and grooming. There are separate shower stalls and separate toilet stalls in the bathhouses. Campers need to expect to keep up with their belongings and not leave them in the bathhouse.

Cleaning and housekeeping

Campers are expected to clean the cabin each morning, including making their beds, putting away clothing and sweeping the cabin. 4-H’ers will take turns cleaning the bathhouse. They will also participate in KP duty with other campers at least once during the week. While on KP, they set tables, act as servers, clear the tables, dry silverware and, finally, mop and sweep the dining area.

Food service

MENUS – Wahsega serves three meals per day cafeteria style. There will only be one main entry and about two sides and a drink. We design our menu carefully to serve food that children will enjoy eating. Let your child know that even if they don’t like the food served it’s important to eat it because they will be active all day and there are no other snacks served. At times the canteen will be open which does sell snacks like chips, candy or freeze pops.

SPECIAL DIETS – If your child is allergic to any foods or requires a special diet, arrangements can be made but please let the county 4-H leader know immediately so we can communicate your child’s needs to the camp dining hall manager. We can accommodate almost any special diet we just need to know about it. If it is a particularly challenging combination of allergies, you can call Wahsega 4-H center dining hall (706-864-2905) and speak with the dining hall manager. Do this about one month in advance so there is time for us to plan.

EATING HEALTHY – Talk with your child about the importance of eating meals rather than junk food. Eating meals keeps you healthy but eating too much junk food can lead to feeling sick.

AVOIDING DEHYDRATION – Stress to your child the importance of drinking lots of water. It will be hot and we will be outside all day. It is easy for your child to become dehydrated and get a headache or feel ill if they are not properly hydrated.

Cabins built in the 1930's provide a true camp experience

Inside of a cabin: Adult leaders sleep in the same room to provide excellent supervision and keep kids safe.

Be sure to pack your own sleeping linens.

SENDING AND RECEIVING MAIL

Mail sent to campers during camp

Parents, friends and loved ones may send letters during the week of camp to Wahsega's address under the camper's name and county like this:

Camper's name
Camper's county
Wahsega 4-H Center
77 Cloverleaf Trail
Dahlonega, GA 30533

Multiple pieces of mail

If you send multiple letters, please number them or label them with the day of the week that you would like for us to give them to your child.

Send mail early

Please put letters in the mail the week before camp starts.

What to send

Send letters, cards, toys or little gifts and, of course, lots of love. However, please do not send food. Food and candy are not allowed in the cabins.

Sending email messages

You can send email messages to your child at camp using the online messaging system through the Georgia 4-H website. Search "Georgia 4-h camper email". First you will need the password provided by your county extension office. We distribute email messages to campers once a day.

Sending mail home from camp

Campers may send mail home while they are at camp. However, stamps and stationery are not available at Wahsega for purchase and email is not an option. Campers can give a stamped letter to an adult leader to mail, although it probably won't get to you before the camper gets home.

Writing counselors after camp

Youth may write counselors after camp. Campers may send letters to Wahsega's address listed above under a counselor's name.

INFORMATION ABOUT CHAPERONES & 4-H CENTER STAFF

Chaperones & supervision of campers

Children are well supervised: In the cabins, in classes, at mealtime, during recreation times and all the times in between. Supervision is always provided by University of Georgia Extension 4-H staff and volunteers serving as chaperones. Chaperones staying overnight have been screened by a formal background investigation, trained by UGA Extension staff and have fulfilled requirements to be Certified Georgia 4-H Overnight Chaperones.

Matching schedules for a camper and parent chaperone

Parents attending camp as chaperones do not have to be in the same groups as their child. However, if they want to be in the same group make this known to your county's 4-H adult leader.

CAMPER CARE-GIVER – If a parent or other chaperone needs to be with a child all day every day for any reason, please notify us ahead of time and we'll make sure that the child and adult have exactly matching assignments and schedules. When a care-giver is required, this person will not be charged for coming to camp.

4-H summer camp counselors

Counselors are screened by a formal background investigation, trained by 4-H staff at the 4-H center and certified to work with youth by the Georgia 4-H Program. They have all completed First Aid and CPR training and lifeguard training. In addition, they have extensive training by certified instructors in the use of the safety equipment used for the high-ropes elements. They are wonderful young people who serve as exemplary role models for the campers.

Other 4-H center staff members

Campers typically will get to know other members of the 4-H center staff. Dining hall staff will instruct campers in how to complete their duties when serving on KP and will interact with campers in the dining hall. The Center Director and Program Coordinator will also be around during some programs. All full-time and part-time staff members at the 4-H center have passed a background investigation and most have worked at the center for many years and truly enjoy being able to interact some with the Wahsega campers.

EMERGENCY INFORMATION

Contact information

In the case of a family emergency, please call your local Extension office during office hours. The Extension office staff can help you determine who to talk to at camp and what to do next. After office hours, call our main office number and listen to the greeting for further information at 706-864-2050.

Medication at camp

PRESCRIPTION MEDS – If your child is taking prescription medication during camp, complete a Medication Summary form for the county 4-H office, which describes the medication, storage procedures, time and amount of dose. It's very important that we know if your child takes prescription medication for allergies, ADD, ADHD, asthma or anything else. These medications affect behavior and we want to make sure they get their medication on time daily.

OTC MEDS – The 4-H office has to have approval to give your child over-the-counter medication as well as prescription medication, so OTC medication needs to be on the Medication Summary as well.

Insurance information

Complete the Medical Information and Release Form and a 4-H Code of Conduct Form. In case of an emergency, your child will be taken to an appropriate doctor or hospital. A person from your county will talk to you before taking your child to a doctor. In an emergency, you will be notified if your child is taken to the hospital.

If parents need to call Wahsega,

Expect to:

- Have messages delivered on the same day.
- Leave a voice mail when calling after business hours.
- Call the county Extension office to find out if the county has arrived safely at camp.
- Call the county Extension office first to check on a child or talk to a child during the week.
- Keep a child's cell phone at home.

The 4-H center location

Wahsega 4-H Center is 12 miles north of Dahlonega on Forest Rd. 28-1 one mile from the end of Camp Wahsega Rd. and the entrance to Camp Frank D. Merrill, the Army Ranger Training School. The 4-H center is in a valley shared by Ward Creek on property owned by UGA in the Chattahoochee National Forest in the North Georgia Mountains.

Visiting the center & driving directions

If you would like to visit the Wahsega 4-H Center, please call us ahead of time to make arrangements as we are not normally open to the public. To get directions to Wahsega visit wahsega4h.org home page or call us. Please note that a GPS device, smart phone map app or online map are not good sources of directions and may direct you down very rough gravel forest service roads. You will need to notify the Extension Office in your county before the week of camp if you plan to visit or pick up your child at camp during the week or on Friday morning. We do not recommend parents visiting children during the middle of the week of camp.
