

Our Vision

A world in which youth and adults learn, grow, and work together as catalysts for a positive change.

Our Mission

Georgia 4-H empowers youth to learn, discover and create in order to become self-directing, productive and contributing members of society.

Our Goals

- To make the school program more meaningful by applying knowledge and skills acquired in the classroom to real life situations
- To cultivate curiosity, critical reasoning and evaluation
- To develop positive relationships among students and teachers
- To develop self-confidence and physical fitness
- To develop an awareness, knowledge and appreciation of the environment
- To develop appreciation for the local and natural history of an area
- To provide experiences in using scientific processes, such as observing, measuring and classifying

Naturally gets students outside and connected with the environment
Aligned with the current state curriculum standards
Taught by well-trained, college educated instructors
Uses the outdoors as a classroom without walls
Reaches students through physical and active classes, up to 8 hours a day
Excellence: a tradition since 1979
