6,335 TOTAL PARTICIPANTS

..... 2018-2019 PROGRAM YEAR

4-H programming is available both on and off military installations statewide. In addition to 4-H programming led by civilian staff in military child and youth programs on most installations in Georgia, county faculty and staff integrate military dependents into programming in counties every day. Special opportunities exclusive to military audiences are provided through donated and grant funding focused on leadership and resiliency development.

8,163 + 30,280 = OVER \$770K
