

Georgia 4-H is a partner in public and private education in every county of the state. Through in-school and after-school programs, community clubs, project work, and 4-H camps, Georgia 4-H provides experiences for young people to learn by doing. 4-H'ers participate in hands-on projects in our focus areas of Agriculture and STEM (Science, Technology, Engineering and Math), Healthy Living, and Civic Engagement. Within each of the many Georgia 4-H programs and activities, adult mentors encourage 4-H youth to take on proactive leadership roles and become involved in affecting positive change in their communities. As the 4-H motto states, 4-H'ers across the state continue **"To Make the Best Better."**

Agriculture & STEM

Civic Engagement

Healthy Living

Mission

To assist youth in acquiring knowledge, developing life skills, and forming attitudes that will enable them to become self-directing, productive and contributing citizens.
